

American Gets Nose Bashed By Yugoslav Thugs

By ALEX SINGLETON
BELGRADE, Yugoslavia (AP)—Yugoslavia today demanded a conference with the United States, Britain and Italy to discuss last week's British-American decision on the future of Trieste.

Yugoslavia also sent a protest to the United Nations secretary general on the decision to withdraw British and American occupation troops from Zone A of the Trieste territory and turn it over to Italian administration.

Both King, who said his nose was broken, and British First Secretary Keith Welborn - Kerr, charged the attacks were organized and premeditated.

Stirred Up By Tito
They came in the wake of a speech by President Tito Sunday in which he told a crowd in Macedonia he would send his American-equipped troops into the British-American Zone A of Trieste "the moment" Italy sends occupying forces into the area.

Western officials in London, Washington and Rome generally figured, however, that the tough-talking marshal wouldn't go as far as war.

King, 42-year-old native of Florence, S. C., said an angry group charged into the USIS headquarters and tried to seize the daily bulletin on American affairs issued by the organization.

Several of the invaders struck him, "mashed my nose and got in some pretty good blows," he reported.

Bonfires Started
Welborn-Kerr said the "gang of thugs" who invaded his building seized the British daily bulletin, ripped up London newspapers, tore up display photographs and started bonfires in the street outside with the material.

The Briton said none of his staff was injured, however.

The British-American announcement they would turn over Zone A to the Italians had touched off violent riots in Belgrade Thursday night during which the British and American embassies, their infor-

Highway Murder Suspect Nabbed

ALBUQUERQUE, N. M. (AP)—John Wesley Wable, 24, was arrested Sunday night on a Pennsylvania warrant charging him with the "Phantom of the Turnpike" murders after a 20-mile chase by New Mexico state police.

Wable, described as "highly dangerous," told a reporter a few hours after his capture as he lay shivering in a small, dark cell in the Bernalillo County Jail.

"I'm not guilty. I don't know anything about the murders. I'm just cold and tired."

Only a while before the lanky, medium-sized Wable had led state police a high-speed automobile chase and then escaped on foot after two companions "who I picked up in California" were captured.

Wable finally was captured when a woman notified police she had seen him hitchhiking on the outskirts of Belen. He gave up without a struggle.

He is accused of shooting Harry F. Pitts, 39, Bowling Green, Va., and Lester B. Woodward, 39, Duncannon, Pa., last July on the Pennsylvania Turnpike, a 327-mile superhighway running from the Ohio border to near Philadelphia.

The two truck drivers were shot in the head as they slept in their parked trucks. Their bodies were found within three days of each other. Police said they had been robbed.

Robber Repeats

WORCESTER, Mass. (AP)—A jittery gunman held up William R. Hooper, 17, for \$134 Saturday night as he worked in a service station. The same gunman went back last night, much more confident, and robbed Hooper of \$200 more. And to make it worse, he took \$3 of Hooper's own money.

News Highlights

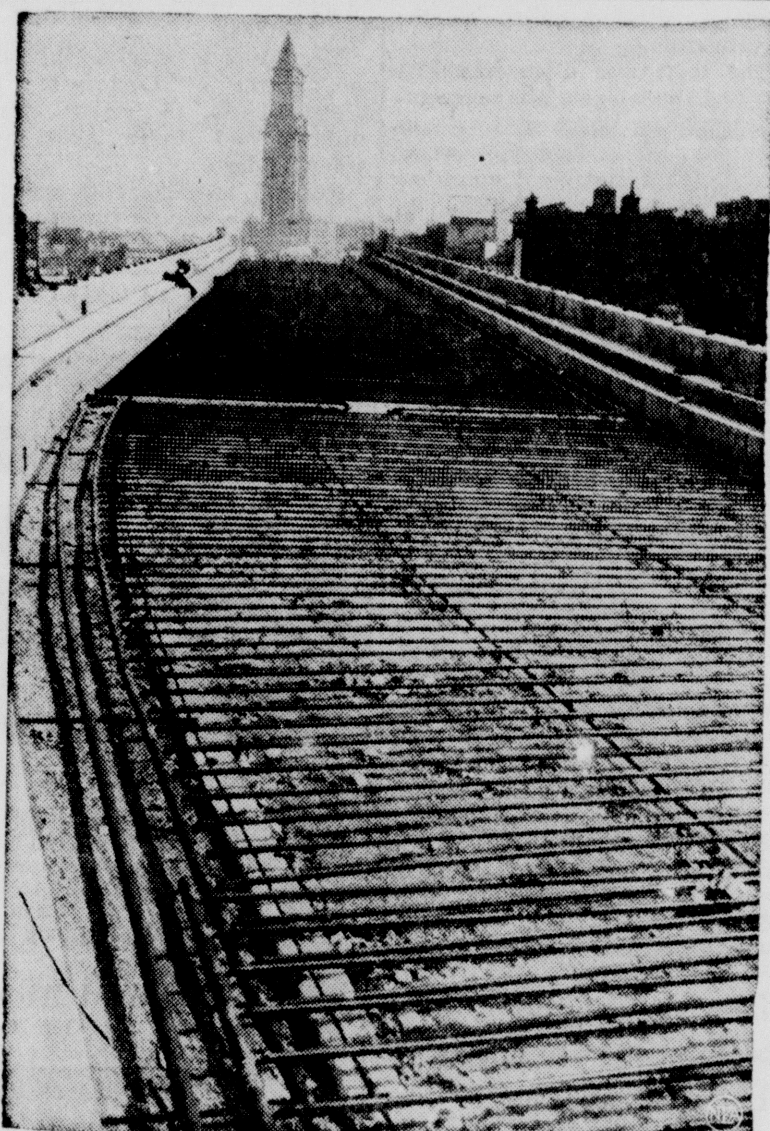

RECORD HAUL—300 ore cars pulled in train here Friday, Page 2.

NARCOTICS PROBE—Woman held pending investigation here, Page 2.

SAFETY TAPE—Free program for bicycles planned by J.C.'s, Page 3.

INELIGIBILITY CASE—Legislative committee calls for re-study, Page 3.

MUCC—Sportsmen hold meeting in Escanaba over weekend, Page 2.

SELF-THAWING HIGHWAY—In order to eliminate ice and snow hazards which will snarl traffic during the winter, snow-melting systems are being installed in ramps leading to the new Boston Aerial Highway. Some 200 tons of wrought-iron pipe, chosen because of its ability to resist corrosion and vibration damage, are used in the system. Heated water and antifreeze are circulated through the pipes, which are embedded in concrete.

Two Senators Oppose Churchill Call For Big 4 Peace Session

By JACK BELL
WASHINGTON (AP)—Senators Hickenlooper (R-Iowa) and Kefauver (D-Tenn.) today opposed Winston Churchill's call for a Big Four informal discussion of world problems.

The two senators said in separate interviews they believed the United States should demand advance agreement on specific topics to be discussed before approving any such meeting.

NO FREE-FOR-ALL
Although both said they were speaking only for themselves, they expressed views coincided with expressed White House and State Department opposition to any free-for-all conference.

Prime Minister Churchill said in a speech in England last week that "one good thing might lead to another" if the heads of state of the

United States, Britain, France and Russia got together and talked things over.

Hickenlooper, a member of the Senate Foreign Relations Committee and of the Senate-House Atomic Energy Committee, said he is against "round-robin discussions."

"They never lead to anything," he said. "If we participate in any meeting of this kind, it should be limited to discussion of specific questions. If the Russians are unwilling to agree in advance on the topics to be studied, then there couldn't be much hope of success from such a conference."

Keep Door Open
Kefauver, a member of the Senate Armed Services Committee, said he thinks the groundwork for such a high-level conference would have to be laid in diplomatic exchanges long in advance.

"Unless things have been worked out so that diplomatic negotiations have reached the point where concrete agreements could be ratified by the heads of states, I don't believe any meeting has much chance of success," he said, adding:

"Of course, we ought always to keep the door open to confer with the Russians, if it appears to us that there is any real chance of accomplishing anything."

Homicide Capt. Will Fritz said he had been released only hours earlier after being questioned in the Sept. 30 rape-slaying of Mrs. H. C. Parker, a pretty dime store clerk.

The fatal attack on Mrs. Parker, a white woman, culminated a series of sex offenses here and several appearances of a naked Negro who entered homes by slitting screens. Shocked Dallas residents made runs on sporting stores to arm themselves and formed neighborhood patrols.

The nude man was caught at an intersection near downtown Dallas. His clothes were found in a bundle hidden nearby.

Fritz said he was questioned Sunday with a number of other Negroes in the Parker slaying, then released.

The 29-year-old Mrs. Parker died the night of Sept. 30 in the arms of policemen after gasping out that she had been stabbed and attacked by a Negro.

The arrested man claimed that he was in jail on a drunk and disorderly charge at the time of Mrs. Parker's slaying. A check of the records showed he was jailed Sept. 29—the day before the slaying—but there appeared a possibility he had been released a few hours later.

Satchel Snatched
DENVER (AP)—Police turned over his missing suitcase and the \$1.15 in it to a Somerville, Mass., trucker Sunday before he had time to report it was missing.

He ran down the street in search of police and found two patrolmen holding a man and the snatched satchel.

Robert L. Whitney, 52, was held for investigation. He said he had bought the suitcase, unaware of its contents, for \$3 in a bar.

Carl Hall Admits Killing Little Kansas City Boy

Two Felons Escape From Convict Camp Near Traverse City

GRAND RAPIDS (AP)—A statewide search is on today for two convicts who escaped from a controversial state work camp and abducted two men and a 15-year-old boy in their flight. The three were released unharmed.

The fugitives are Daniel S. Ockerman, 32, sentenced from Kalamazoo in 1950, and Gerald Ainsworth, alias George Albend, 36, a Detroit native sentenced from Macomb County in 1944. Both were serving 1½ to 15 years for burglary.

Toy Pistol Used
The pair escaped Saturday night from a Conservation Department work camp at Hickory Hills outside Traverse City.

Scarcely more than an hour before, Dr. Joseph E. Maddy, president of the National Music Camp at Interlochen, had obtained an injunction against the state's continuing construction of a work

camp which the two had been helping to build for themselves and others now at Hickory Hills.

Maddy complained the new camp, La Victoire, would be less than four miles from the music camp and that escapees would be a menace to the hundreds of girls and boys who go there every summer.

Circuit Judge Charles Brown ordered the state to show cause Oct. 16 why the injunction should not be made permanent.

Using a toy pistol, Ockerman and Ainsworth forced Claude Snow, 61; Harold Bowman, 29, and Kenneth Day, 15, to drive them to Grand Rapids.

Fugitives Take \$11
Walking away from the prison camp after an 8:30 p. m. bed-check, the two encountered Snow and Bowman outside a restaurant and forced them into Snow's car, with orders to drive toward Kingsley.

As he drove near his Traverse City home, Snow asked permission to tell his family he had been called out of town. The convicts let him stop, but made him yell his message. When Kenneth walked out of the house, they ordered the youth into the car and made Snow drive off.

When they got to Grand Rapids the convicts took \$11 off Snow before leaving the car in mid-town. Snow quickly notified police.

A taxi driver said he drove the two to a hotel near Union Station and that they had inquired about train and bus schedules to Kalamazoo.

But there the trail ended. After they'd left, Snow found the toy gun, which looked real, had been left behind.

Reds Convicted In Seattle Trial
SEATTLE (AP)—One of the longest criminal trials in Pacific Northwest history came to a close here Saturday when a federal court jury convicted five of six persons charged with conspiracy to teach and advocate the violent overthrow of the government.

The sixth defendant, labor leader Karl Larsen, was acquitted by the six men and six women jurors.

Scheduled to be sentenced Friday by Federal Judge William J. Lindberg for violation of the Smith Act were:

Henry P. Huff, state chairman of the Communist party.

Terry Pettus, Northwest editor of the Communist Daily Peoples' World and a member of the party's district committee.

John S. Dasebach, a member of the Communist party's review commission and chairman of the state Civil Rights Congress.

Paul M. Bowen, leader of the state Negro Communist movement and member of the party's Northwest District Committee.

Mrs. Barbara Hartle, organization secretary for the Communist party's Northwest District.

They face a maximum sentence of five years in prison or \$10,000 fine or both. Defense attorneys said Sunday they would appeal.

Minister Completes His Sermon And Dies
ROCKWOOD, Tenn. (AP)—The Rev. John Lundy, pastor of the Eureka Baptist Church, grasped the edge of his pulpit as he was stricken by a heart attack during his sermon Sunday.

But he asked those who rushed to his assistance to help him to a chair.

"This may be my last sermon," the 55-year-old preacher said, "and I want to complete it."

And he did. When the service was over he was taken to a hospital where he died a few hours later.

Cake On Birthday
HYDE PARK, N. Y. (AP)—Mrs. Franklin D. Roosevelt says she always has a cake on her birthdays.

And Sunday — her 69th birthday — was no exception, she told a newsman after spending a quiet day with her son John and his family and a few friends.

"There have been some indications of violations," he said, "but I know of no serious ones at present."

The U. N. members of the Military Armistice Commission asserted in a statement that the Communists had shipped the crated aircraft from Manchuria to Uiju airfield on the south side of the Yalu River, just a few miles from the huge Red air base at Antung, Manchuria.

The U. N. statement gave no numbers of type.

Hull flew to Korea Monday in his first visit to the battered peninsula since taking over the top U. N. Command post from Gen. Mark W. Clark.

However, at the same time, Gen. John E. Hull, new U. N. Far East command, told newsmen he knew of "no serious" violations of the armistice by the Communists.

"There have been some indications of violations," he said, "but I know of no serious ones at present."

Report Record 300-Car Train

Believed the longest train ever to move over Chicago & North Western tracks in the Upper Peninsula, 300 empty ore cars rolled out of Escanaba for delivery to Stambaugh yards in the Menominee iron range Saturday morning. The train was pulled by a four-unit diesel locomotive.

The cars were needed at the iron mines for loading Saturday morning and the C&NW dispatcher at Escanaba ordered the 300 empty cars out Friday because there was no power available for two trains before Saturday morning. Normally the string of empties would not exceed 150.

The train rolled along over the "ore line" without any helpers to assist along the way. One of the hills negotiated without help was the Sumac grade, where a broken rail last week caused the derailment of a four-unit diesel and nine cars of a 127-car loaded ore train 32 miles west of Escanaba.

About 100 feet of tracks were torn up in the accident. No one was injured. Track repairs were completed late last week. During the interruption ore trains were routed through Powers.

Ore movement continued without delay and shipping from the two C. & N. W. Railway ore docks today stands at 5,172,930 tons for the season, compared to 3,967,443 tons for the same period last year.

Upper Peninsula Briefs

IRON MOUNTAIN—Mrs. Lena Larson, 80, a resident of Iron Mountain for 57 years, died at 10:30 p. m. Friday at the Memorial hospital following a long illness.

Born in Sweden on Sept. 5, 1873, Mrs. Larson came to this country in 1892, settling in South Bend, Ind. She moved with her family to Manistiquette, where they lived a short time before coming to Iron Mountain in 1896.

Mrs. Larson leaves seven children. They are Mrs. Joel Hedstrom, of Seattle, Wash.; David Greenquist and Walter Larson, of Iron Mountain; Rudolph Larson, of Escanaba; Mrs. Frank Sommer of Marquette; Adolph Larson of Beloit and Mrs. Percy Cantrill of Norway. A sister lives in Sweden.

SAULT STE. MARIE—A Riverside drive resident, Thomas Myotte, was instantly killed Friday in Chippewa county's first hunting fatality of the season.

Myotte, who would have been 31 years of age on Oct. 16, was instantly killed by a charge from his own shotgun on a St. Mary's River island near the Wilds Pavilion about 5:55 p. m. Friday. The No. 4 shot from his old-fashioned double-barreled shotgun entered the left side of his head at the temple, and emerged from the top of the right side, Sheriff Roy Guest said.

IRON MOUNTAIN—Enroute to Spalding to assist in the search for a man charged with auto theft and believed to have been armed, Sgt. Graham Peebles, commander of the Iron Mountain State Police detachment, was involved in a collision Friday, near the south city limits.

Peebles reported that a semi-trailer backing onto the highway from a service station obstructed his view as he was travelling south on Stephenson, and the car he was driving struck the rear-end of a truck driven by George England, 1109 Prospect.

Damage to the police car was estimated at \$400, and to the England truck, \$50.

Independent Swedish settlements in what is now the United States were founded in 1638, taken over by the Dutch in 1655 and by the British 10 years later.

MUCC Asks Publicity In Game Law Cases

Meeting for the first time in the Upper Peninsula, the Board of Directors of the Michigan United Conservation Clubs approved an "Upper Peninsula Pre-MUCC Convention Annual Meeting," brought out a statement on policy regarding publicity for conservation law violations and disposed of a large number of organization details.

Sessions of the directors meeting were held on Saturday and Sunday in the Escanaba city hall. In order to take advantage of fine weather and the opportunity for hunting Saturday afternoon's session was ended at 3:30. An additional meeting was held from 8 to 10 in the evening and the final session on Sunday morning was from 8 to 10.

The Upper Peninsula pre-convention meeting will be held on Sunday, March 28, at the House of Ludington in Escanaba. The committee in charge is headed by Francis B. Criegel, MUCC regional vice president, of St. Ignace. Other members are Ernest F. Seward, St. Ignace; George Michalka, St. Ignace; James L. Rouman, Escanaba; George Woods, Stambaugh; Leon Duquette, Manistiquette; Merwin White, Manistiquette; Nels Halsey, Manistiquette and Onni M. Usitalo, Houghton.

Publicity For Violators
The spring meeting will provide an opportunity for the MUCC-affiliated clubs north of the Straits to work out a degree of unanimity that will assure presentation of questions and problems pertinent to the UP to the MUCC convention in a manner that will assure full consideration. The annual convention of the state-wide sportsmen's organization will be held June 17-20 at Petoskey.

A recent case in which 11 persons were convicted of shooting ducks over a baited area in southeastern Michigan led to bringing out a policy statement on publicity for violators. The conservation department was accused of shielding violators because the names of persons involved were not made available to news gathering agencies for considerable time.

Discussions of the case and the MUCC board's position on the matter of publicity occupied a large part of the Saturday evening and Sunday morning sessions. The matter was resolved when the board voted to accept the report of the law enforcement committee presented on Sunday by Lorence O. Isaman of Bellaire.

Two Recommendations
A four-point document, the committee report places the MUCC board on record as favoring full publicity on the conviction of all persons guilty of conservation law violations. It directs the editorial board of the Michigan Out-of-Doors, the MUCC paper, to publish the names and other pertinent information of such conservation law violations they may deem of value in furtherance of good conservation.

Two points of the report consist of recommendations to the Michigan State Conservation Commission. The first recommends that no information be withheld with regard to persons convicted of the violation of the conservation laws of Michigan and the facts pertaining thereto. The second is a further recommendation that at least once a month the conservation department make available a current list of persons convicted of conservation law violations with age, address, occupation, offense, fine and name of judge or justice.

President Vollmar Miller appointed a Pete Hoffmaster Memorial Fund committee composed of Harry Gaines, chairman, Vic Beresford, Prof. Paul A. Herbert, G. Hilding Carlson and Bernard W. Ansley. The fund is planned as a perpetual foundation which will result in the placing of books

on conservation in the libraries of the schools of the state.

Reports were presented on such diverse committee activities as public access sites to fishing waters, pollution abatement progress, junior conservation camp finances and decal auto bumper stickers urging care to avoid collisions with wildlife. Approval was given a plan for a Michigan-Wisconsin-Minnesota regional meeting of the National Wildlife Federation in conjunction with the board of directors meeting at Lansing on February 6 and 7.

Thanks and appreciation for his efforts in behalf of good conservation were extended by resolution to Harold W. Glasen, Lansing, retiring member of the state conservation commission. Passage of resolution to the host city that single out James Rouman of the local sportsmen's club and Hugh Grow of the chamber of commerce was followed by adjournment of the meeting.

Attending the meeting were: Vollmar J. Miller, MUCC president, Paw Paw; Bernard W. Ansley, vice president Lansing; Francis B. Criegel, regional vice president, St. Ignace; D. Earl Kimble, treasurer, Hillsdale and Harry R. Gaines, secretary-manager, Grand Rapids.

Directors in attendance were: Gilbert J. Schmitz, Detroit; Sheldon Brandeberry, Hillsdale; Earl Campbell, Nashville; Harold P. Hackett, Battle Creek; Oswald Henke, Kalamazoo; Guy Teed, Allegan; Hazel G. Roush, Hastings; William N. DeYoung, Grand Rapids; Clarence Woodruff, Okemos; L. F. Baldwin, Eaton Rapids; William N. Woman Held; Investigate Theft Of Narcotics Here

An alleged theft of narcotics from St. Francis hospital is being investigated today by Escanaba police and a woman is being held

without charge in the Delta County jail.

The Federal Narcotics Division has been notified and a federal agent is assisting police in the investigation.

The theft was discovered Friday and the woman was taken in to custody by police at 1 a. m. Saturday. Police said the woman has signed a statement admitting the theft of narcotics from the hospital.

A warrant is expected to be issued in the case either late today or tomorrow and the woman is expected to be arraigned tomorrow.

Minor Accident On US-2-41 Sunday

Damage to the two cars was estimated at \$375.00 when Olaf W. Peterson, 51, of 1010 Stephenson Ave., about to pass a car driven by June Williams, 20, of 225 S. 10th St., on US-2-41 Sunday morning about 3, saw another car coming and pulled back into his own lane, hitting the rear end of Miss Williams' car, the sheriff's department said this morning.

Both cars were heading toward Escanaba. The accident occurred near the intersection of the highway and "A" Street in Wells.

Damage to the car driven by Miss Williams was estimated at \$300.00, and to the Peterson car at \$75.00, the sheriff's department said.

No one was hurt, and no tickets were given.

Danforth

Newhall PTA

DANFORTH — The Newhall PTA held its October meeting at the school with a talk by Glen Leonard, Escanaba safety director, and a report on the Parent-Teacher planning workshop at the MEA meeting in Escanaba by Mrs. Lawrence Beauchamp, on the program.

Plans were made for a Halloween party at the school Oct. 30. It was announced that the next Wells Township council meeting will be held Oct. 28.

Guests at the meeting were Supt. Lawrence Klug and Mr. and Mrs. Frank Bender Jr. of Soo Hill.

Soccer Team Stoned

VIENNA — Infuriated at what they believed were fouls, crowds of sports fans stoned buses Sunday night carrying Communist Hungary's national soccer team back to their hotel.

The Hungarians had beaten Austria's team 3-2.

Two Austrian players were hurt during the game and 14 policemen were injured in the melee that followed.

THOSE IN UNIFORM

Marvin A. Horchner, son of Mr. and Mrs. Del C. Konkel, 312 S. 16th Street, Escanaba, has recently been promoted to the rank of Airman Second Class. A/2c Horchner, a member of Hq Sq 567th Air Defense Group, was assigned to McChord Air Force Base in October, 1952, and is performing the duties of supply sergeant. Prior to entering service in July, 1952, he attended Escanaba High School.

Tourist Council Nominates Leaders Tuesday Evening

The Delta County Tourist Council will hold a meeting at 8 Tuesday evening in the Escanaba city hall council chambers. All interested persons are invited to attend the meeting.

Principal business to come before the meeting will be the nominations for officers and directors of the organization.

Movies will be the entertainment for the gathering.

Business In U. S. Ahead Of 1952

WASHINGTON (AP) — Just about every aspect of the nation's economy was well above levels of a year earlier last month, President Eisenhower's economic advisers said Sunday, spite slight declines from last spring.

Farm income was one notable exception, but the report indicated that the earlier price squeeze on farmers had relaxed a little.

There are now two members, Arthur F. Burns and Neil F. Jacoby, on the President's Council of Economic Advisers. Their periodic reports to Congress on the nation's economic health are published monthly.

At the end of September, three-fourths of the way through 1953, general economic activity continued very high, they said, although total output was down slightly as government spending fell off a little and businessmen slowed accumulation of stocks.

The gross national product—the total dollar value of all the nation's goods and services—was estimated at an annual rate of 371 billion dollars for the third quarter of this year.

That was 25½ billion dollars higher than in the third quarter of 1952, and compared with an annual rate of 372½ billions in the second quarter of this year—a record figure.

Matt Rama, 82, Dies In Trenary

TRENNARY—Matt Rama, 82, a Trenary resident 38 years, died Sunday morning at 2:40 in the family home.

Mr. Rama was born Nov. 9, 1870, in Viipuri, Finland. He was a member of the Finnish Lutheran Church of Trenary.

Surviving him are his widow, Hilda; two sons, John of Trenary and Raymond of Detroit; and four daughters, Mrs. Harvey (Hilda) Trott, Rapid River, Minn.; Mrs. William (Fanny) Rapp, Detroit; Mrs. Clarence (Elsie) Flynn, Trenary; and Mrs. Wilko (Lillian) Laurila, Milwaukee, Wis.

The body is lying in state in Anderson Funeral Home in Escanaba, from which it will be removed to the Finnish Lutheran Church in Trenary Tuesday at 12. Rev. Amos Marin of Gwinn will officiate at funeral services Tuesday afternoon at 1:30 in the church.

Mrs. Rama will be buried in the family lot in Trenary Cemetery.

LaBranche Woman Claimed By Death

Mrs. John Schaut Sr., 74, a long time resident of LaBranche, died Sunday.

She is survived by her husband four daughters, six sons, one sister, 53 grandchildren and 19 great grandchildren.

Friends may call at the Rachon Funeral Home at Iron Mountain after 5 p. m. today, C.S.T.

Funeral services will be held Wednesday at 8:30 a. m. at the funeral home and at 9 a. m. at St. Mary's and St. Joseph's Church in Iron Mountain with Rev. Fr. Pelissier officiating. Burial will be made in Cemetery Park at Iron Mountain.

Swedish Jurist Dies

STOCKHOLM, Sweden (AP) — Dr. K. H. L. Hammarskjöld, father of United Nations Secretary General Dag Hammarskjöld and World War I premier of Sweden, died here Sunday night.

He was 91. Dr. Hammarskjöld was known as a jurist and authority on international law. He also had served as chairman of the Nobel Prize Foundation.

Taylor 'Promised' To Reinstate Athletes, Phillips Declares

LANSING (AP) — A legislative committee stalked into the capitol today swinging a big stick.

It assembled to consider action against Dr. Clair L. Taylor, state superintendent of public instruction, for his refusal last Friday to reinstate 10 high school youths who had lost their athletic eligibility for accepting merchandise prizes.

Rep. Harry J. Phillips (R-Port Huron), chairman of the legislative interim rules committee, said he would recommend to his committee that it suspend the state eligibility rule under which the boys were suspended.

Briefly Told

Ford River Lions—A meeting of the Ford River Lions Club will be held this evening at 8 at the Ford River school. Movies will be shown and refreshments served. Plans for the Lions community building will be discussed.

Window Broken—Hagley Quarnstrom, Delta County superintendent of schools, has reported to Escanaba police that over the weekend a large window was broken on west side of the Webster Apartment building in which the superintendent's office is located.

Child Injured—Paul Johnson, 7, of 1009 Second Ave. N., suffered a broken nose and bruised left eye Saturday afternoon when he was struck by a steel ring thrown by an older boy, 10. Paul was taken to St. Francis hospital for treatment.

Wrong Number — Telephone number of the Seventh Day Adventist Welfare Center at 1327 Sheridan Rd., which distributes free clothing and other items to persons in need, is 230-W. A different number was given in last Thursday's Daily Press.

Report Entry — The Sav-Mor Market, Stephenson Avenue, was entered sometime Saturday night but nothing was taken so far as it can be determined at this time, it was reported to Escanaba police. Entry was made by removing bolts from the door hinges.

Motorists Ticketed—Escanaba police have issued traffic violation tickets to the following motorists: Casper Olson, 1010 Sheridan Road, failure to stop and identify himself after his auto struck a parked car in the 900 block, Stephenson Ave., owned by Robert D. Binter, 1219 N. 18th St.; Robert C. Jacques, 324 S. 18th St., speeding and defective brakes; Bruce Andrews, Hermansville, disobeying traffic signal; Norbert Beauchamp, Rock, defective tail lights; Fred M. Shaw, 800 S. 11th St., one headlight, no operator's license on person; Robert P. Heynness, Rock Rte. 1, speeding.

This, he contended, would permit action to reinstate the youths at once.

Phillips said Dr. Taylor had virtually promised the committee to reinstate the boys.

Six of the lads are residents of Hastings, two are from Escanaba, one from Menominee and one from St. Clair.

All returned their awards, received in summer sports events, upon learning they were illegal.

The Monday meeting was the earliest one possible following Taylor's upholding of the rule Friday, Phillips said.

The legislative interim rules committee chairman declared the rule under which the athletes were suspended was "arbitrary and capricious."

He said the rule failed to carry

RULE SUSPENDED

The Michigan Administrative Rules Committee today suspended the high school athletic eligibility rule. It was reported at 1:30 this afternoon. A complete story of the action is published on page six of today's issue of the Escanaba Daily Press.

out the "intent of the Legislature" and offered "only maximum penalties."

It was brought out at a hearing Sept. 17 that the awards rule under which the Michigan High School Athletic Association suspended the athletes does not conform with the Michigan Administrative Code.

At the conclusion of the Sept. 17 hearing, the committee headed by Phillips recommended to Taylor that the rule be amended to provide flexibility in degree of violation and penalty, that provision is made granting the individual student the right to request a hearing and that athletic directors be required to explain the rule to athletes affected by it.

At an executive session following the Sept. 17 hearing, Taylor virtually promised the committee the boys would be reinstated and the committee's recommendations in amending the rule would be carried out.

The legislative committee has the power to suspend legislative and department made regulations which are "unconstitutional," Phillips said.

Safety Reflective Tape To Go On Bikes In City

As a traffic safety measure, bicycles belonging to youngsters in all Escanaba city schools will be marked tomorrow with the same red reflective tape used in the recent Junior Chamber of Commerce "Lite-A-Bumper" campaign.

Motorists participating in the campaign not only helped achieve maximum traffic safety by having their own automobiles clearly marked with reflective tape but they made it possible for the Junior Chamber to mark all city bicycles free of charge.

From the nominal charge for automobiles, the Junior Chamber earned sufficient funds to tape the bikes without any charge to the youngsters.

350 Cars Taped — This is part of the overall traffic safety campaign staged by the Escanaba Junior Chamber of Commerce. William Meiers, committee chairman, reported this morning.

"We taped about 350 cars—and

cluded Mr. and Mrs. Richard Comstock and Lois and Jeannette of Flint, Mr. and Mrs. Charles Beauchamp, Loretto, Mr. and Mrs. William LaFave, Green Bay, Alex Charon and Henry and Mr. and Mrs. Peter Gardner, Escanaba Rte. 1.

hope to tape that many more before we're through—and we earned enough to put a six-inch strip on the rear fender of every bike in town.

"Just think how that will contribute to the safety of every cyclist in town. Most bikes have only a little reflector button on the rear fender. This six-inch strip will be easily and quickly noticed by motorists and certainly will be a great safety factor."

Start At 9 A. M.

Frank Neumier, Jack Manning, Bernard Ammel, Allison Lord and Chairman Meiers will start making the rounds of all city schools at 9 tomorrow morning. While the youngsters are in school, their bikes will be taped free of charge by these five members of the Jaycee traffic safety committee. A six-inch vertical strip will be taped at the base of each rear fender.

"We plan to continue taping automobile bumpers but we also want to complete this phase of the project so that more motorists will see and appreciate what a big safety measure this is," Meiers said.

Immigration quotas for 1953 permit entrance of 154,657 persons, more than 65,000 of whom may come from Great Britain and Northern Ireland.

Hospital Fund Meeting Tuesday

GLADSTONE — There will be a meeting, to further plans for the fund drive for a Gladstone community hospital Tuesday night at 8 in council rooms at City Hall.

A house-to-house solicitation is planned. At the last meeting 25 persons volunteered as solicitors and they will be assigned blocks during the Tuesday night meeting.

H. T. Brewer, chairman of the Gladstone Hospital Authority, asks representatives of churches, lodges, unions and similar organizations who have been named to participate in the drive, to make a particular effort to be present at the meeting Tuesday night.

Hospital

Mrs. H. M. Allen, 1808 5th Ave. S., has returned home from St. Francis Hospital, where she was a surgical patient 10 days.

Mrs. Robert Ring of Marquette submitted to surgery Friday at St. Mary's Hospital there. Mrs. Ring

Railroads Have Just Cause In Efforts To Eliminate 15% Tax

A movement to eliminate the wartime taxes of 15% on passenger tickets is gaining momentum in Michigan and throughout the country.

The 15% tax was the last to be added during World War II to the internal revenue code and was designed to discourage all but essential travel during the national emergency. The war ended years ago but the tax goes on and on—still discouraging public travel.

The railroads are finding the tax burden particularly discouraging because it has resulted in a terrific revenue loss—\$643 mil-

lion in 1952. It has encouraged travelers to use private automobiles for intercity travel, rather than to use the facilities of the railroads, planes or buses. The railroads complain that only 28% of their passenger seating capacity is being used. A gain of only 7%, however, would restore the railroads to a satisfactory revenue level.

The passenger tax adds a half cent a mile to the cost of railroad travel, or \$15 to a \$100 railroad ticket and similarly to the passenger charges of buses, airlines and steamships.

The railroads are losing money in large chunks on their passenger train service. It is not surprising that they holler for relief—and not surprising that they are finding public support for their fight to get the wartime transportation tax off the books.

Lawmakers Vs. TV

TELEVISION, which can give you a ring-side seat at the making of history, doesn't seem to be winning its way into the hearts of our lawmakers in Washington. Or, at least, not into the hearts of the committee chairmen who decide whether TV shall be allowed.

With certain well-publicized exceptions, the chairmen appear to have a definite distaste for TV coverage of their hearings.

Some believe sincerely that the cameras have no place in the committee room. They feel they distract and disturb witnesses, that they dominate the scene with their equipment, and thus tend to create a circus atmosphere not suitable to sane legislative proceedings.

One lawmaker says TV is firmly set as a "teacher of living history." Apparently the powers on Capitol Hill would just as soon have the public get its history in less dramatic but also less disillusioning ways.

Words, Wit & Wisdom

By William Morris

A Milwaukee reader writes: "Our town has been in the throes of baseball fever all summer and so your two recent articles on baseball terms were the source of much interest and led to quite a bit of discussion at our house. We made a game out of trying to think of words you overlooked. There weren't many because you did such a thorough job, but here are three you might polish off for us—'duster,' 'cousin,' and 'payoff pitch.' We didn't reach the world series this year, but if Mathews keeps hitting and our pitching tightens up, we'll be right up there in 1954!"

Shades of the Brooklyn lament: "Wait till next year!" Well, next year has come for the Dodgers and none of us would be too much surprised if 1954 turned out to be the big year for your Braves, too. Now to those baseball terms you ask about—

DUSTER is a fast pitch deliberately thrown as close as possible to the batter in order to force him back from the plate. It is an abbreviated form of the phrase "dust him off."

COUSIN is a pitcher whom a batter finds consistently easy to hit. Even very great pitchers sometimes find an occasional opposition batter who can fathom their trickiest deliveries.

The **PAYOFF PITCH** is the pitch delivered when the count is three balls and two strikes. Unless the batter fouls the ball, a "payoff" decision—hit or out—must result from this pitch.

Question: Which is correct, "different from" or "different than?" writes M. L. Harrison, New York.

Answer: Until fairly recently the "different from" formulation was preferred by almost all language authorities, although H. W. Fowler's excellent *Modern English Usage* makes a strong case for "different to" as being in just as good taste. However, "different than" has lately been widely accepted by American newspapers and magazines and appears frequently in the writing of established authors. So I should say that "different from" is the preferred form, but "different than" is perfectly acceptable.

The Doctor Says . . . Geographic and Black Tongue Not Harmful, But Annoying

By EDWIN P. JORDAN, M.D. — Written for NEA Service

Two questions on the tongue start off today's column.

Q—The first asks for a discussion of geographic tongue, and the second for the cause and treatment of furry, discolored tongue when one's state of health is otherwise good.

A—Geographic tongue is a condition in which there are deep furrows in the tongue which give something of the appearance of a contour map. There is nothing particular to be done for this, and it is harmless.

Black tongue, or hairy tongue, is a condition of uncertain cause and again is considered harmless. It arises occasionally during the use of penicillin locally and clears up when stopped. Under other circumstances treatment is aimed at clearing away the offending growth by scraping or brushing, possibly with the use of chemicals, but it often comes back.

Q—I get a cramp in the back of my leg when I walk a few blocks. Is this a sign of arteriosclerosis?

A—This sounds typical of a condition called intermittent claudication, which is generally a sign of arteriosclerosis of the blood vessels of the leg.

Q—A boy and girl are planning marriage. Her mother and his father are first cousins.

Does that make them second or third cousins? Is there a danger of not having normal children?

A—They are second cousins. If the girl's mother and the boy's father and their families are free of hereditarily transmitted abnormalities or disease, the chances of having normal children are presumed to be as good as those of any other marriage.

Q—Two years ago my sister had her oviducts closed through an operation, but now she is pregnant. How can this be?

A—Evidently, the tubes or oviducts, became reopened so that the egg could pass down from the ovaries to the womb. This is not usual, but does happen occasionally.

Q—Some weeks ago I slipped on a wet kitchen floor, falling against the corner of a table and striking my breast. I received a large bruise over the side of the breast which has been painful since. I have been told that an injury of this sort can often cause cancer. Is this true?

A—It is unlikely that an injury of this sort, no matter how painful, could be the sole cause of the development of cancer in the breast. Nevertheless, the safest thing could be to have this checked frequently by a physician.

Merry-Go-Round

By DREW PEARSON

WASHINGTON — Behind Governor Dewey's frantic concern over the New York race-track scandal is one of the most amazing stories of legislative corruption in the U. S. A. Even more amazing it has been going on for years right under the nose of the nation's No. 1 crime-buster.

Net result of it all: Tom Dewey is almost certainly washed up as a presidential candidate in 1956.

In high Republican circles it's conceded that almost everything that's happened since the GOP convention in Chicago last year has pointed to Tom Dewey as Ike's choice to succeed him next time around.

Having masterminded Taft's defeat at Chicago, Dewey's right-hand man, Herb Brownell, was made Attorney General; Dewey's press-relations man, Jim Hagerly, took over Ike's press relations; an inconspicuous senator, Dick Nixon, who would not be expected to compete in 1956, was made vice president; and Governor Warren, a strong potential presidential candidate, has just been made Chief Justice.

These moves were no accidents. They were carefully planned by one of the shrewdest political strategists in the business—Tom Dewey. But today the mess in New York state puts him in exactly the same spot as Harry Truman—an honest man who didn't control the cronies around him.

BACKSTAGE IN ALBANY

Here is the inside story of what has happened to Tom Dewey.

The public hasn't realized it but Dewey has been waging a losing fight to control his own state. One of the best governors New York has had, he hasn't been able to control what was going on backstage in the lobbies of his own legislature.

There, Republicans and Democrats have operated a strange partnership. If special interests wanted a bill passed—or killed—they paid off both sides. Republicans and Democrats both shared. They even got together to make sure there were no cut-rate, small payoffs. The price was kept high.

Thus when certain promoters proposed inaugurating harness racing in New York state, the New York legislature had to pass a bill to make it legal. It has long been reported that \$75,000 was the price paid to legislative leaders to put across the harness-racing bill. Though the late Irving Steingut, Democratic leader of the New York legislature, was sentenced to jail (later reversed) rather than answer questions on this point, the report was never confirmed.

Today, however, Steingut's daughter, Jeanne Weiss, turns up with a block of juicy race-track stock worth \$210,000; also his lawyer, William Weisman, turns up with racing stock worth \$569,900. J. Russell Sprague, a close friend of Dewey's and boss of Nassau County, also owns racing stock worth \$32,000; while Patsy Provencano, Republican assistant secretary of the New York senate, owns stock in several tracks; and George Fearon, a GOP leader in the legislature, owns stock valued at \$54,000. Other political leaders come in for smaller amounts.

DEWEY GETS SUSPICIOUS

Last time Dewey ran for governor, he was wise enough to steer clear of the legislative gang, picked Frank Moore, with an unimpeachable record, for lieutenant governor. The understanding was that Dewey wouldn't run again; Moore would succeed him.

But as it became apparent Dewey would run again, Moore got restless, decided to accept an offer from the Rockefeller. Dewey begged him not to resign.

Only 10 days ago Dewey called Moore in, urged him to stay until the first of the year. Eisenhower, he explained, had asked him, Dewey, to go to Central America, and he didn't want to leave Arthur Wicks in charge as lieutenant governor.

"I am resigning at 4 p. m. tomorrow," Lieut. Gov. Moore replied.

That night GOP senate leader Wicks had himself sworn in as acting lieutenant governor of the State of New York, and in the newspaper next morning the big scandal broke.

Wicks, the new acting lieutenant governor, was revealed as a five-time visitor to labor racketeer Joey Fay in Sing Sing prison, and a petitioner to get Three-Fingered Brown a good-conduct certificate in jail so as to get his American citizenship restored. Fay had got seven to 15 years for gouging \$300,000 out of New York state in hiring labor for the Delaware aqueduct—despite which he continued to run the patronage mill for various construction projects, plus race-track employment from his Sing Sing prison cell.

And one of his friends and key callers has now turned up as acting lieutenant governor of New York.

No wonder Dewey has been frantic and is calling a special legislative session to probe the racing commission and his lieutenant governor.

A movie comedian was operated on—and we sincerely hope they didn't cut out any of his foolishness.

Into The Past

10 YEARS AGO

Escanaba—The lowly discarded tin can has become an important item in the national salvage campaign now on. A city-wide drive will be launched to rid the city of these unsightly items and add to the nation's supply of scrap metal.

Manistique—Manistique was well represented at a post-war conference held at Blaney Park. City Manager Charles D. Manson addressed the gathering.

Gladstone—A Red Cross project conducted by local women was cited for commendation by the national organization. The women sewed bed jackets, pajamas and other hospital supplies.

20 YEARS AGO

Garden—Mr. and Mrs. Aristide Thibault, pioneer residents of this community will observe their golden wedding anniversary Tuesday evening.

Escanaba—Wage increases ranging from 15 to 20 per cent have been given employees of the Delta Brewing Company.

It Grew Out of the Korean Stalemate

Pipe Industry Fights For Life; May Be Wiped Out Like Snuff

By RICHARD KLEINER

NEW YORK (NEA)—The pipe industry is fighting for its life. Since the 1920s, pipe-smoking has been steadily declining in the U. S. Some pipe men believe that the worst is over. But others say gloomily that the pipe is doomed.

The cause of the pipe's decline from favor, everyone agrees, is "the tempo of the times." A pipe is a slow, relaxed smoke. It's better employed when sitting down or walking along slowly. Nowadays, the pipe people lament, who sits down—or walks slowly? And so, while the cigarette has boomed, the pipe has fallen.

There are a few rays of hope. For the first time in a generation, the bigger pipe manufacturers are going all out for merchandising, promotion and advertising. Take the single largest concern in the field (EIS): The firm referred to is Kaywoodie.

Under the direction of Morris Levenson, a young, dynamic business man, the firm's sales have jumped about 15 to 20 per cent since 1950.

The main reason for the increase, says Levenson, is that they've realized women buy most of the pipes.

"Most pipes are bought as gifts," he says. "Few men wake up in the morning and decide to buy a pipe. So we've brought out new models, designed to appeal to a woman buyer."

They've made pipes with white bowls, pipes that are thinner and more streamlined, pipes with briar bits to harmonize with the bowl. They've packaged them to appeal to the ladies, and changed the decades-old method of displaying them on dull cards at the store.

Other companies are going along, at least the bigger ones. But the pipe industry is crammed with small-time, garage-shop manufacturers, who still try to sell 1953 customers with 1920 merchandise and sales techniques.

Complicating matters is the foreign pipe industry. Pipes from Europe, generally Italy, compete with the American-made products. The U. S. pipe manufacturers have the added headache of bucking inexpensive imports.

But far and away the pipe industry's biggest trouble is that people simply aren't smoking pipes much these days. The sale of smoking tobacco, an obvious barometer, shows this clearly. The peak in sales was 1918, when more than 250,000,000 pounds of tobacco went up in pipe smoke. The sales this year will be somewhere around 100,000,000 pounds. That isn't the whole story, of course. A pipe hobbyist—a collector—can have several dozen or even a hundred pipes, without smoking too much tobacco. But even that hobby seems to be on the wane.

Meanwhile, a coalition of pipe and tobacco manufacturers have set up an organization, the Pipe and Tobacco Council, to promote pipe smoking. Founded less than a year ago, the group does things like encouraging college boys to smoke pipes, on the theory that's when a man forms his

SEVEN-FIVE YEARS make a difference in pipes. Ultra-modern white briar (left) contrasts sharply with 1880 full-bent briar. It seems to make a difference in moustaches, too.

smoking habits. And they've gotten many tobacco companies to package their product in pouches instead of tins, after a survey showed that's what men wanted.

But whether this sudden switch to aggressive merchandising and promotion has come in time is debatable.

"The pipe industry reached bottom in '51," says Joseph Kolodny, the fiery managing director of the National Association

of Tobacco Distributors. "It stayed about the same in '52 and the first half of this year. We hope that perhaps the worst is over. But it's just a hope, nothing more."

Kolodny thinks that possibly television may help, since people are staying home more. But, like other veteran tobacco men, he remembers how snuff fought for its existence—and lost. He isn't too optimistic about pipes winning.

Miss Peabody Tough On 1853 Freshmen

By NEA Service

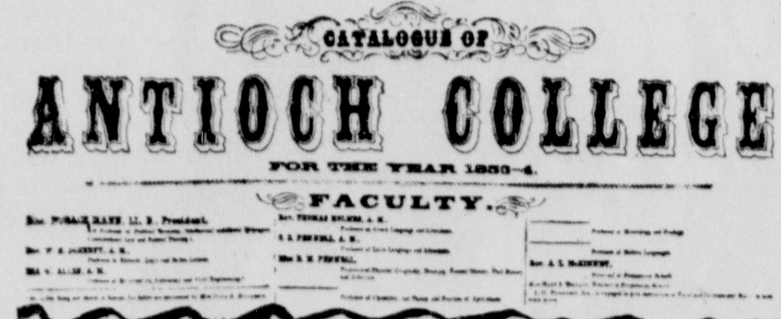

YELLOW SPRINGS, O. (NEA)—Could you pass an examination on Miss Peabody's Polish—American System of Chronology? If not, you couldn't be admitted to the freshman class at Antioch College—100 years ago.

In getting ready for the college's centennial celebration, school officials turned up a copy of the first catalog, dated 1853. It listed the

es, as well as Latin and Greek composition.

Once admitted, the curriculum was pretty stiff, too. Freshmen took courses in algebra, Latin and Greek in the first term. Later, more exciting stuff was salted in—like spherical trigonometry, rhetoric and belles-lettres, and didactics.

The tuition for this great adventure in learning was \$24 a year.

ANTIOCH'S 1853 CATALOGUE: It would stop 1953 frosh cold.

entrance requirements, and most of them would stop a 1953 frosh cold.

There were some old stand-bys, like English grammar and arithmetic. But the history requirement was that system of Miss Peabody's and nobody around seems to remember what it was all about. The emphasis was on Latin and Greek, with an aspiring collegian having to pass exams on many classics in the two languages.

The rent for a dormitory room, according to the catalogue, was \$3.50 per term, and there were three terms a year. Food, at the Common Hall, was \$1.25 per week, but "owing to the high price of provisions, some advances upon this rate may be necessary." Coffee or tea was 25 cents a week extra.

The catalogue, which was a large sheet, is now kept posted for all the students to see. Maybe some of them will want to brush up on Miss Peabody's System.

Good Evening . . .

By CLINT DUNATHAN

LATE HARVEST—Killing frosts came late to many sections of Northern Michigan this fall and have not yet struck Escanaba and other areas along the Lake Michigan shore.

One evening last week, however, the forecast was for frost and temperatures as low as 28 degrees. This prompted me to take an evening flower-cutting trip to the back yard, gathering in the blossoms before they were—or were not as it developed—killed by frost.

There is something rather nostalgic in the rush to take in the last flowers of the season. You recall when the seeds of the plants were put in the ground last spring and wonder at how swiftly time has telescoped the months from May to October.

Yet this has been a good year for the farmer, the city gardener, and the forest ranger. Rains have been adequate and well spaced. Fruits, root crops and grains have all produced well and there have been few serious forest fires.

SHORT AND LONG—The Upper Peninsula has an average growing season of approximately 90 days.

Some years there is less than 90 days and the first killing frost arrives before Labor Day. Oldtimers will recall years when frost struck sections of the Upper Peninsula in June, July and September.

"And the sleighing was poor in August," they will say with a wry twist of humor that makes you understand how it was possible for the Paul Bunyan legend to be born in Michigan.

This year the growing season has been notably long in several sections of the U. P. and in Escanaba roses are still blooming in gardens, along with other flowers that might be considered out of season.

ITS REPUTATION—A century or less ago Northern Michigan had a most unenviable reputation as a region of harsh climate, deep snow, wild animals—and no prospect of ever being anything but a wilderness.

The westward march of the pioneers passed Northern Michigan by for this and other reasons. It was a region generally understood to be fit habitat only for the hunter, trader and trapper.

Yet those hardy men who came to cut the timber, to build mills and towns, accompanied by women of equal or greater courage, stayed to prove that Upper Michigan could become a home.

Potatoes were planted in the clearings, cows were brought in to pasture and were often fed during the long winter on wild hay cut from the marshes. Apple trees were planted. And in good years even the corn would ripen.

So agriculture came to Northern Michigan, not of choice but of necessity. The pioneer farmer was first a lumberman. Even to this day many farmers add to their income with work in the woods during the winter months.

EXPERIMENTATION—When the pine forests were gone the large landholders, encouraged by businessmen and others with faith in the future of the region, placed hundreds of thousands of acres of land—good and bad—on the market to prospective farmers.

This was Cloverland, said the U. P. Development Bureau; this was the land where you could raise 400 bushels of potatoes to the acres; this was the place to come if you wanted to be a successful farmer.

And many people did come, and some of them went broke and went away; others stayed and worked long years and cleared land and today their sons and daughters are still living here, prosperous and content.

The people wanted help in farming and Michigan State College established an experiment station at Chatham. Here new strains and varieties were developed—vegetables and fruits that would mature in 90 days or less to fit the Northern Michigan season.

Today the state record potato yields—over 1,000 bushels per acre—are made in Northern Michigan. Dairying is profitable and the farmers' economic mainstay. Cheese factories, canneries, and potato warehouses are increasing in number.

TO THE FUTURE—Yet this was the region that Sieur de La Mothe Cadillac in 1701, before he left St. Ignace to found the city of Detroit, described as cold and barren and fit only as habitation for wandering bands of Indians.

"The Indians have not enough corn for themselves, let alone any to spare for the garrison," he complained to the king of France in supporting his proposal to move to Detroit.

Cadillac and his soldiers left Northern Michigan but the French habitants stayed, to later become neighbors of the English, Swedes, Finns, Welsh and other nationalities who arrived. Today, Americans all, they share a common faith in the land and in the future of the Upper Peninsula.

Missouri is away out in front in raising mules. We'd say that's a very good place to be.

Flies are back, so remember that you have swatter's rights in your own home.

The average man wears a 7 1/4-size hat—before becoming a dad for the first time.

Stolen Crown Jewels Recall Dead Empire

WASHINGTON—Prussia, a kingdom that is no more, came back to the news recently when thieves escaped with the royal Hohenzollern jewels of Germany.

In their loot, inestimable in historic value, were diamond-studded snuffboxes of Frederick the Great; gold plate given Kaiser Wilhelm II by his mother; coronation robes of German emperors, and the baton of the Hohenzollern marshals. Strangely, the Prussian crown itself was left behind.

Twenty generations of Hohenzollerns built and ruled Prussia over a span of 500 years, the National Geographic Society says. They consolidated the German kingdoms, intrigued against Hapsburgs, Bourbons, Bonapartes, and Russian tsars, marched armies across Europe, and made the name "Prussia" synonymous with militarism.

Bygone Glory

Today Prussia does not exist as a geographic or political entity. Blood-and-iron heart of the pre-World War I German Empire, it became a "Land" of the Weimar Republic after 1918 and was merged into the Third Reich by the Nazis after 1933. It finally was broken up entirely following World War II.

The Hohenzollern family fell with the Kaiser's abdication in 1918. The various remaining branches became only private citizens in a changed world.

Hohenzollern Castle, their ancestral home, stands like a story-book fortress at the summit of a 2800-foot-high mountain near the

town of Hechingen in southern Germany, 50 miles from the Swiss border. Soaring towers and turreted seven-sided walls rise from precipitous rock.

A "Zollern" castle has stood on that spot since the ninth century, although the present structure, built by Kaiser Friedrich Wilhelm IV, dates from the 1850's. The two lowest of five stories were specially designed for defense, yet the modern-day thieves succeeded in scaling the walls and cutting the inch-thick iron bars with pincers.

Hidden In Salt Mine

Germany's crown jewels have passed through a stormy decade. The German High Command of World War II, facing defeat, buried the treasures in a salt mine 2000 feet underground. Beside them were the coffins of Frederick the Great, Frederick William of Prussia, and Marshal von Hindenburg, draped with the regimental banner of the old Prussian armies and flanked by masterpieces of French art.

Had it not been for the alertness of an American GI, the secret hiding place might have gone undiscovered. A sapper removed dynamite from the mine noticed the concealed concrete wall, six feet thick, protecting the deposit.

Nazi "Collectors"

Nazis took many a crown jewel collection themselves. American troops recovered Hungary's royal crown and gems from a hiding place near Salzburg, Austria. The Hapsburg crown jewels were hidden in Nurnberg; General Mark Clark returned them to Austria after the war. Part of the famed Rothschild Collection, which disappeared during Nazi occupation of France, turned up in a bank vault in Frankfurt only in 1951.

One of the most famous jewel thefts in modern history, however, was perpetrated by Americans. Three U. S. Army officers, one a woman, stole the Hessia family jewels from Kronberg Castle near Frankfurt in 1945. They were caught and convicted, but only part of the gem collection has been recovered.

Embarrassing To A Fire Chief

JACKSONVILLE, N. C. (AP)—It wouldn't have been quite so embarrassing if it had happened to anybody but a fire chief.

R. O. Wrenn, in charge of the firefighters at the nearby Camp Lejeune Marine Base, was putting up screens at his home here. Standing on the porch roof, he snapped the last screen firmly into place.

Then he realized he couldn't get back into the house, and the ground was a long jump down.

A neighbor—a woman, at that—came to the rescue with a ladder.

MEN PAST40

Troubled with GETTING UP NIGHTS Pains in BACK, HIPS, LEGS Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular Inflammation is a constitutional disease, and medicines that give temporary relief will not remove the causes of your troubles. Neglect of Glandular Inflammation often leads to premature senility, and incurable malignancy. The past year men from 1,000 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life. The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods, has a New FREE BOOK that tells how these troubles may be corrected by proven Non-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. 5512 Excelsior Springs, Missouri.

Memory For Faces Failed Expert

SALT LAKE CITY (AP)—Jack Kogut, a wrestler who doubles in glass behind a bar here, is trying to forget about his memory.

And his sister only smiles at the odds about a needle in a haystack. The sister, newlywed Mrs. Estelle Lake of Los Angeles, passed through Salt Lake on her honeymoon, hoping to find her brother whom she hadn't seen in 12 years. Arriving, her husband grew thirsty for a beer. So the pair stopped at the bar. Kogut was working in.

Mrs. Lake recognized her brother right away.

But Kogut, who enjoys a local reputation as the "man who never forgets a face," was unable to recognize his sister.

Police Chief Wed—Underworld Behaves

SALISBURY, Mass. (AP)—The entire police force took the day off for the wedding of Police Capt. Benjamin Sturges—and crime took the day off, too.

There wasn't a single crime reported—not even an accident—while department members attended the chief's wedding to Miss Wanda Woron of Newburyport. State police filled in for the local force.

Lady Loses 36 Lbs. Easily With Rennel

When friends tell you that you are "pleasingly plump" they are trying to be polite and usually are not telling the whole truth. That condition indicates your guard is down and you are making a careless bid to an early end. Why anyone should be so neglectful we will never know. Rennel Concentrate is a quality product and has helped thousands of Mich. users solve the reducing problem. Doctors and insurance experts agree that correct weight is important to good health. Mrs. H. Smith, 1948 Lyndon, Detroit, Mich. substituted

action and the use of Rennel for wishful thinking and fretting. She writes, "Due to a heart ailment my doctor advised a drastic reduction in weight. At 34 years of age I was 40 lbs. overweight. I chose Rennel Concentrate as my reducing aid and with its help easily lost 36 lbs. in six months. Once more I am able to do my own housework. After wearing a size 18 dress I am pleased to be able to wear sizes 12 and 14 again. If not pleased with the very first bottle return it to the manufacturer for your money back. Price \$1.40."

4-H'ers Raising Special Spuds

This year, for the first time in 4-H history in Delta County, every 4-H member in a potato project grew his potatoes from certified seed, Fred Bernhardt, county 4-H agent, said this morning.

The 4-H agent explained that certified seed is relatively disease-free and is of a higher quality than ordinary potato seed.

This summer there were 16 Delta 4-H'ers in potato projects. "The kids have done a good job in raising their potatoes," Bernhardt declared. "They have raised a good crop."

He said that on one farm where the 4-H members in the family used certified seed, but their father used ordinary seed, the 4-H members got 200 bushels more per acre than their father.

Two 4-H'ers used foundation stock, which is even better than certified seed, the 4-H agent explained. "The very elite in the potato industry grow foundation stock," he said.

The county agent said Delta 4-H'ers are growing three types of potatoes this year—russet Burbanks, russet sebasgos, and russet rurals. Seed for the Burbanks and sebasgos came from Antigo, Wis., while seed for the rurals was bought in Delta County.

Bernhardt said potatoes grown by the 4-H'ers now themselves rank as certified seed. He said he hopes these potatoes will be kept and used next year as certified seed. Some 4-H'ers and their parents already intend to do this, he said.

Kidnapers Sign Confessions That They Killed Boy

(Continued from Page One)

merely more than \$295,000 in two suitcases in his apartment. He said he couldn't remember what had happened to the rest of it because he had been on a drinking spree.

But Monday the FBI indicated Hall, a drug addict, had given its agents additional information about the missing ransom money. They were not too hopeful the money could be recovered.

Both Hall and Mrs. Heady at first insisted she was an innocent pawn in the kidnaping. Hall claimed that she abducted the boy from a private Catholic school the morning of Sept. 28 by posing as the boy's aunt on the belief Bobby was his son, in the custody of a former wife.

The station wagon, the FBI said, had blood stains. When confronted with the new evidence Hall and Mrs. Heady broke down and told what had happened.

Joseph E. Thornton, FBI agent in charge at St. Louis, said he didn't know how many slugs had been fired into the station wagon nor whether the boy actually was killed in it.

Mrs. Heady, in her signed confession, admitted she was with Hall at the time of the killing.

Mrs. Heady, an alcoholic, at first claimed she was so drunk at the time the ransom money was dropped over a bridge near Kansas City by a representative of Greenleaf that she didn't even remember anything about it.

Hall, a man of thinning hair, is held in cell No. 40 at the St. Louis city jail. He is under guard day and night and is kept away from other prisoners for his own safety.

Mrs. Heady is confined in another part of the jail in a large room with four other woman prisoners. A spotlight is played on her bed, in the center of the room, throughout the nights so that she might be kept under constant observation.

There was no announcement as to when the pair will be taken to Kansas City.

Committee Suspends Rule On Eligibility

LANSING (AP)—A legislative committee today suspended the Michigan high school athletic eligibility rule but left in doubt the status of 10 youths who had been declared ineligible for accepting merchandise awards.

Members of the legislative Administrative Rules Committee said there is legal confusion over whether their action automatically reinstates the 10 youngsters, but that probably they will have to go to court.

George C. Dean of Hastings, attorney for six of the youths, said he had not determined their legal status yet but that he believed a court suit would be necessary.

Rep. Harry J. Phillips (R-Port Huron), committee chairman, after a two-hour closed session said, "We have gone as far as we can go. We have suspended the rule and that's as far as our authority goes."

New Financing Idea Studied For Social Security

By CHARLES F. BARRETT
(For James Marlow)

WASHINGTON (AP)—Congress and the Eisenhower administration are mulling over a different way of financing the vast social security retirement program.

The idea under study, so basic it could alter the whole complexion of the government's program for the aged, is called "pay as you go."

Under this system, Congress or the administration would estimate the cost of social security benefits to be paid each year and then levy a tax to pay the bill.

As Rep. Curtis (R-Neb.) once put it, "When the year closes, nothing is owed and nothing is promised." Tax rates and benefit levels might vary from year to year, depending on economic conditions, the number of persons reaching retirement age, the attitude of Congress, and so on.

Or benefit levels could be held constant, with taxes varying to produce whatever revenue is needed.

This plan, which has some influential advocates, contrasts sharply with the concept on which the social security program has been operating for the past 18 years.

The present system contemplated that relatively few persons would qualify for benefits in the first 20 to 30 years, but that eventually the number would be several times greater than now.

So it attempts to strike, far in advance, an average tax level needed to finance the program on a permanent basis. Thus the plan calls for tax income to exceed payments greatly in the early years, with this surplus piling up a reserve called the "trust fund."

Later, when the steadily increasing payments rise above tax income, interest on the trust fund is expected to bridge the gap and keep the program solvent.

Theoretically, the tax rate, at trust fund and the level of benefits eventually would remain almost constant. Actually, to avoid too sudden an impact, the tax rate is stepped up at five-year intervals until it reaches 6½ per cent of pay-rolls in 1970.

Congress was expected to make minor adjustments as needs developed. But the theory, at least, called for a permanent and happy state of equilibrium extending well beyond the year 2000. If a bad year cut into the trust fund, a good year would build it back.

Briefly Told

Wells School Board—The Wells Township School Board will hold its regular meeting Tuesday, Oct. 13, at 8 p. m. at the Wells School.

The committee action was a rebuke to Dr. Clair L. Taylor, state superintendent of public instruction, who last week refused to reinstate the boys despite a rehearing on their cases and an earlier meeting of the committee at which suspension of the rule was threatened.

Sen. Edward Hutchinson (R-Fennville), a committee member, told Dean in the presence of reporters that there were strong doubts of the constitutionality of the legislative committee and that if the case went to the courts there was a possibility the committee's authority to suspend state agency rules would be voided.

Hutchinson said that the boys' attorneys had a legal right to appeal from Dr. Taylor's decision under the 1952 Administrative Procedures Act. This, he said, permits a challenge on the grounds that Dr. Taylor acted in an arbitrary and capricious manner.

Those suspended include Bernard Bowman, Jack Chadwick, Richard Hammond, Tony Hoffman, and Shannon Lydy of Hastings, William Le Mire and David Hirn of Escanaba, Walter La Croix of St. Clair and Donald Murwin of Menominee.

They were all suspended for accepting merchandise prizes in summer sports events.

The committee, in a formal statement, said that previously it had hesitated to suspend the rule because it would "create a void into which all manner of commercialism might flow."

After study, the committee said, this fear was erased by the fact that Dr. Taylor has authority to promulgate a new rule immediately.

If Dr. Taylor fails to act promptly, the committee said, it believes that power lies with local boards of education.

The statement said Dr. Taylor had led the committee to believe "that the obvious injustices in these cases could be rectified in a hearing."

The committee called the eligibility rule "inflexible" and "admittedly harsh" and condemned it for not taking into consideration mitigating circumstances.

Chicago Skid Row Fire Fatal To Four; Six Others Injured

CHICAGO (AP)—Four persons were killed and six others were injured early Sunday in a fire which spread rapidly through three adjoining buildings in the West Madison Street skid row area.

The buildings were all three-story brick and stone structures in the 800 block on West Madison Street.

Only two of the dead were identified. They were George Larsen, 73, and George F. Grossi, 59. Their bodies were found in a third floor room.

The other dead were a man about 60 and a girl about 15, both residents of the Boston Hotel at 844 W. Madison St.

London Writer Calls Eisenhower Bungler

LONDON (AP)—A columnist for the Daily Mirror, Britain's most widely read daily newspaper, declared today Dwight D. Eisenhower "may yet rank with Harding and Coolidge as one of the most disastrous presidents of the United States."

Columnist William Neil Connor said more and more Americans are asking themselves, "Is he just an amiable bungler?"

Connor, now on a tour of the United States, said: "He made his reputation in World War II as a great coordinator of military affairs. In politics the impression he gives is that of a sleeping driver in a runaway train."

"One explanation is that he is afraid to take control. The other is that he is just plain lazy and it is this second theory that is arousing comment here in the United States."

IT 'AUTO' BE NICE AND DRY—It didn't take J. D. MacMillan and driver, Fred Anderson, long to find a place to keep dry after this auto-hauler was upended and wrecked during a driving rain after it hit an oncoming car near Atlanta, Ga. The driver escaped with minor injuries.

American Gets Nose Smashed By Yugoslav Rioters

(Continued from Page One)

mation offices and the Italian legation were stoned and their windows smashed. The attack on King was the first anti-Western violence since then, however, though huge crowds of Yugoslavs paraded in orderly demonstrations against the Trieste action Sunday.

Following the rioting Thursday night, the government had thrown protective cordons around the U. S., British and Italian installations but these were later withdrawn.

The American Embassy's public affairs chief, John McGowan, called at the Yugoslav Foreign Office after the attack on King and protested it as a "very serious situation." He reported that the ministry's protocol office had expressed its apologies.

Tito's speech Sunday was followed a few hours later by cancellation of all military leaves. An American observer reported Yugoslav troops, tanks and artillery were converging on the Trieste territory, where the end of World War II installed Yugoslavia in the southern Zone B and permitted her 5,000 occupation troops there.

Yugoslav roads near the Trieste and Italian borders were reported clogged with soldiers.

There was no indication from London or Washington of any change in the British-American plans, announced last week, to withdraw their 9,000 occupation troops from Zone A—including the port of Trieste—and turn the sector over to Italy.

Real War Unlikely
Washington authorities admitted that Tito's threats raised great danger of an incident which might lead to war but expressed belief the turnover to Italy would be carried out without a real fight developing.

In Rome, premier Giuseppe Pella's government made no reply to Tito and was reported taking the attitude that the Yugoslav threats were something for Britain and America to worry about.

Nor was there any indication in Rome that Italy was sending more troops to her northeast frontier with Yugoslavia, where the finest soldiers of the NATO-pledged Italian army already are stationed. Reports from the area said not even routine weekend leaves had been canceled.

By WEBB MCKINLEY

TRIESTE (AP)—The U. S. troopship Geiger docked here today to take the first load of American families out of the disputed Trieste territory.

The ship's arrival was scheduled long before Britain and the United States announced they would pull out their 7,000 soldiers and turn over Zone A, including Trieste port, to Italy.

A wave of excitement swept over the city as the ship moved into port and rumors spread that "the Americans are going!" Reports were current that she would sail Tuesday.

The ship brought several replacement troops and 35 dependents into Trieste—proof of the suddenness of the Allied decision to evacuate. The new arrivals will be sent to Leghorn, big U. S. Army supply port in central Italy.

Army authorities did not disclose how many dependents would leave here on the Geiger. But most of those sailing on her will be wives and children of U. S. servicemen.

Troop units will not begin evacuating immediately. When they do depart, they will not necessarily return to the United States.

Markets Closed

NEW YORK (AP)—Financial and commodity markets throughout the United States were closed today in observance of Columbus Day.

Business Sentiment Gets More Cheerful

By SAM DAWSON

NEW YORK (AP)—Sailing somewhat gloomy seas of economic forecasting of late, businessmen scan the horizon for the first sight of new hope—and think today they see some signs.

Business sentiment is a little more cheerful this Columbus Day than it was before Labor Day, although the majority of business and financial leaders still think they must sail through a slight trough of deflation before industry hits another cresting wave.

The signs they see are both specific and general.

Profit Dip Predicted

First of the third quarter earnings reports to come from corporations are mostly on the cheerful side, showing that profits are still topping a year ago, although many predict that the fourth quarter will show a dip. Nevertheless, the bright showing of the first half of the year means that for many companies 1953 total earnings are going to be at or near the top.

For one industry there is a particular sign. Steel scrap prices often foreshadow what the steel industry is expecting. They have been sliding for a long time, indicating to many that the steel in-

dustry was heading for a slowdown.

But last week steel scrap prices rose. It was only one isolated instance, but it strengthens belief among many steelmen that orders will be high enough to keep steel mills busy till the end of the year at least.

Tax Outlook Brighter

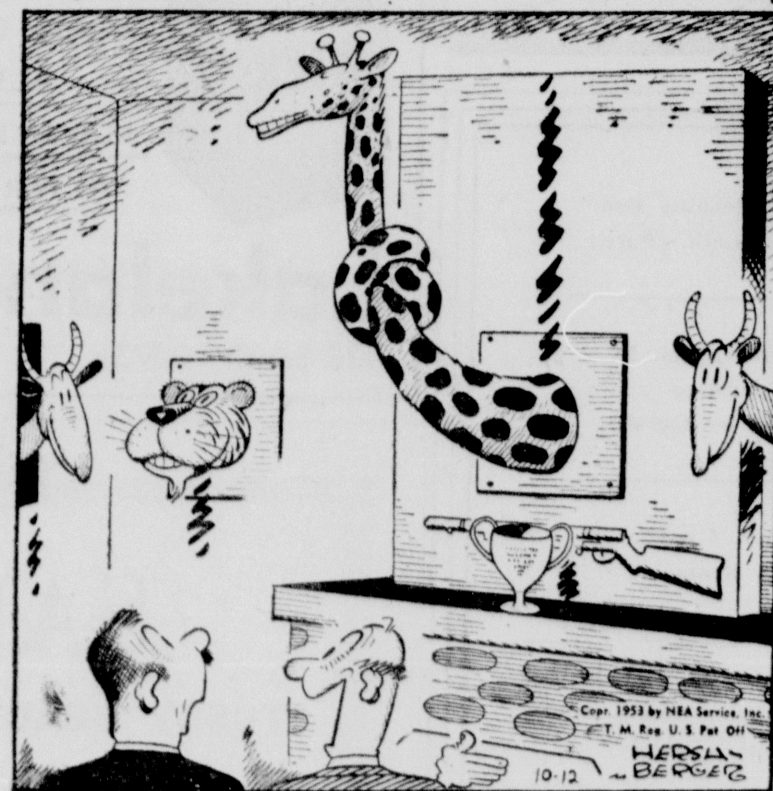

Easier credit, lower interest rates and a generally plentiful money supply also are heartening businessmen—if only as a sign that the administration is going to strive to cushion the impact of deflation.

Tax cut prospects look a little brighter today, too, as a number of congressmen indicate they'll fight for them. Lower taxes for individuals mean more customers with money to spend; lower taxes for business means a cushion to drop in profits.

More general signs are also being spied. The rise in the inventory level, which frightened some economists, seems to have slowed down. Apparently retail inventories are in line with prospects for Christmas trade. And manufacturers seem to be trimming back now, rather than waiting to be caught in any inventory squeeze after Christmas.

Funny Business

"I guess you could call my dad a fatalist. Whenever I break something he's been expecting me to, he heaves a sigh of relief!"

Outdoor Mass Draws 250,000

PHILADELPHIA (AP)—Some 80,000 Roman Catholic men marched in a solemn procession through downtown Philadelphia Sunday night reciting aloud the rosary of the Virgin Mary in a public prayer for peace and conversion of the Communist world to Christianity.

At the end of the line of march, a crowd estimated at 250,000 gathered on the vast stretches of the Benjamin Franklin Parkway to assist at the first outdoor evening mass in the history of the archdiocese and the second such service in the United States.

The first such outdoor mass in the evening was held earlier in the year at Chicago.

The religious rally was dedicated to Our Lady of Fatima. According to Catholic teaching, the Virgin Mary appeared to a group of Portuguese children at Fatima on Oct. 13, 1917, and asked them to pray for peace and the conversion of Russia to Christianity.

The parkway had been converted into an amphitheater with a huge, glass-enclosed altar erected in the center of a traffic circle. Atop the flood-lighted altar stood a statue of Our Lady of Fatima, some 62 feet above street level.

LOOKING FOR A HOME—Peering intently at a strange world of clattering typewriters and Teletypes, jangling telephones and flashbulbs, these five kittens snuggle together for courage in the newsroom of the Benton Harbor News-Palladium. Grateful for comparative seclusion

of their fancy plastic-topped carrying case, the kittens who need good homes, were brought to the paper by a representative of the Humane Society to have their pictures taken. (AP Photo)

Women's Activities

Miss Cowell And Donald J. Lange Exchange Vows

Miss Margaret Elizabeth Cowell, daughter of Mr. and Mrs. Harvey Cowell, Gladstone Rte. 1, and Donald John Lange repeated their marriage vows before Father Bertin Harrington, O. F. M., at 11 a. m. Saturday, Oct. 10, at St. Joseph's Church in Escanaba.

A wedding dinner at the Stone House and a reception at the home of the bride's parents followed the service.

The bride wore a gown of white nylon net over taffeta. The jacket had a stand-up collar buttoned at the neck. Her veil was caught to a Juliet cap. She carried a colonial bouquet of sweetheart roses and white mums. Miss Dollie Olson of Manitowoc, maid of honor, wore pale blue nylon net with a blue satin jacket embroidered in pearls. Her headpiece matched the gown and she carried pink carnations and yellow mums in a colonial bouquet.

To Niagara Falls

Mr. Lange who is a son of Mr. and Mrs. John Lange of Waukegan, Ill., was attended by his brother-in-law, Robert Cerk of Waukegan.

Navy blue was the choice of both mothers. Mrs. Cowell's accessories were navy and her corsage, red roses. Mrs. Lange wore yellow roses in contrast to her aqua accessories.

A three-tiered wedding cake and tapers in graduated candelabra of crystal formed the table centerpiece at the reception. White and multicolored asters were used to complete the decorative theme.

When the newlyweds left for a honeymoon at Niagara Falls the bride was wearing a light blue ensemble with navy accessories and a corsage of red roses. They will live at 719 Ash St. in Waukegan.

Guests At Wedding

The bride is a graduate of Gladstone High School and Augustana School of Nursing and is employed at Victory Memorial Hospital in Waukegan. Her husband, a graduate of Waukegan High School, served with the armed forces in Japan three and a half years. He is a draftsman for the American Can Co.

The wedding guests included Mr. and Mrs. John Lange and Mr. and Mrs. Robert Cerk of Waukegan, Mr. and Mrs. Robert Bates, Shawano, Wis., Mr. and Mrs. Tom Cowell, Stephenson, Mr. and Mrs. William Cowell, Sault Ste. Marie, Miss Dollie Olson, Manitowoc and Mr. and Mrs. E. J. Verette, Iron Mountain.

Births

Mr. and Mrs. Francis R. Bolm, 221 S. 16th St., are the parents of a son born at St. Francis Hospital Oct. 4. The baby, the second child in the family, weighed 8 pounds and 2 ounces at birth. His name is Robert John.

A son, James Stephen, was born to Mr. and Mrs. Stephen Reiffers, 604 N. 19th St., Oct. 9 at St. Francis Hospital. He weighed 7 pounds and 7½ ounces and is the first child in the family. Mrs. Reiffers is the former Rita Miller.

Mr. and Mrs. Paul George Ault, 301 S. 14th St., are the parents of a baby girl, Sandra Jean, who was born at St. Francis Hospital. She weighed 7 pounds and 8 ounces.

Sidney Allen was the name given to the son born to Mr. and Mrs. Bruce J. Andrews, 911 S. 14th St., Oct. 9 at St. Francis Hospital. He weighed 7 pounds and 8 ounces.

Mr. and Mrs. James A. Buchanan, 523 1st Ave. S., are the parents of a son, Timothy John, weighing 6 pounds and 13 ounces. He was born Oct. 9 at St. Francis Hospital.

A daughter was born to Mr. and Mrs. Leo Laitman of Rock at St. Francis Hospital Oct. 9. She weighed 7 pounds and 6 ounces and was given the name of Susan Carol.

Mr. and Mrs. Ray G. McDonald, 224 N. 14th St., are the parents of a daughter, Jeslyn Jean, weighing 7 pounds and 14½ ounces. She was born Oct. 10 at St. Francis Hospital.

A son, Gerald Joseph, was born to Mr. and Mrs. Matt J. Ledvina of Cornell Rte. 1 Oct. 10th. He was born at St. Francis Hospital weighing 6 pounds and 4½ ounces.

Mr. and Mrs. Gerald A. Grenfell, 616 Washington Ave., are the parents of a son born today at St. Francis Hospital. He weighed 7 pounds and 15½ ounces.

Mr. and Mrs. Roy E. Seward of

ENGAGED—Mr. and Mrs. Edward Stephens of West Branch, Mich., announce the engagement of their daughter, Patsy Marie, to James Robert Holt, son of Mr. and Mrs. Robert Holt, 325 S. 17th St., Escanaba. Miss Stephens is a pharmacy student at Ferris Institute, Big Rapids. Her fiancé recently entered the U. S. Army service and is stationed at the Medical Replacement Training Center at Camp Pickett, Va. A definite date for the wedding has not been set.

Social-Club

Circle 2 Meeting

Harry Sinclair Claims Bride, Wedding In East

At a double ring ceremony Oct. 3 in the Post Chapel of the Marine Corps Base at Quantico, Va. Miss Betty Ann Van Remoortere, daughter of Mr. and Mrs. Alois Van Remoortere of Aurora, became the bride of S. Sgt. Harry L. Sinclair, USMC, son of Mr. and Mrs. Harry B. Sinclair, 424 Maple St., Kingsford.

The bridegroom is a nephew of Mrs. R. W. Coolman of Escanaba and Mrs. Marian Craig Long of Gladstone. His parents formerly lived in Escanaba.

Attending the couple in the ceremony performed by Chaplain Uber, were the bridegroom's brother and sister-in-law, M. Sgt. and Mrs. Craig A. Sinclair.

The bride was attired in a blue suit with which she wore black accessories. Her corsage was of red roses and white carnations.

The matron of honor wore red accessories with her navy blue suit.

Following the ceremony, the bridal party was served dinner at the Penn Daw Country club, Alexandria, Va.

The newlyweds will reside near Little Creek, Va., where the bridegroom is stationed as an instructor in the Marine Corps amphibious warfare school, after a honeymoon trip through Western Virginia.

North Delta

Home Extension Club

NORTH DELTA—The North Delta Home Extension Club met at the Community Center and elected Mrs. Edgar Williams, president, Mrs. Lee Massie, vice president, Mrs. Andre wHyntinen, secretary-treasurer, and Mrs. Neil Haapala, reporter.

Betty Lockhart was chosen Potato Queen candidate.

Mrs. Hyntinen and Mrs. John Savola gave a lesson on bread and roll making and also served as hostesses. Mrs. Harvey T. Trott and Mrs. Haapala will be leaders for the Christmas Workshop lesson.

The next meeting will be held Nov. 2 at 7:30 p. m. at the Center with Mrs. William Niemi and Mrs. Leonard Kaukola as hostesses.

Evening Star Lodge To Observe 40th Anniversary

The Evening Star Lodge, Vasa Order of America, will observe the 40th anniversary of its organization with a fitting program Saturday, Oct. 17, at 7:45 p. m. at the North Star Hall.

The program will include accordion music and a colored sound film, "Midwest Holiday", which covers a scenic tour through the middle west showing its mountains, rivers, lakes and historical places.

Members of the organization and their friends and members and friends of lodges in neighboring communities are invited to join in the observance.

There is no admission fee but a free will offering will be taken.

Church Events

Chapel Bible Study

Bible study will be held at Bethany Chapel Tuesday at 7:15 p. m.

Salvation Army Young People

The Young People's Society of the Salvation Army will meet Tuesday, Oct. 13, at 8 p. m. at the hall. Bonnie Polmarteer will be in charge.

Workbee Meeting

The Luther League of Bethany Lutheran Church will hold a workbee meeting at 7:30 this evening at the church.

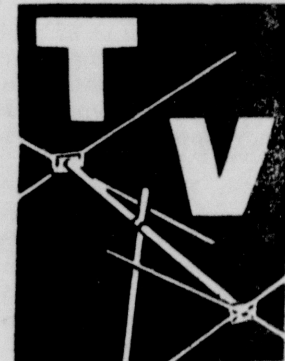

Today's Recipes

Today's recipe for sauerkraut, requested recently by a Daily Press reader, comes from Dan Ponitowski of Stonington.

Sauerkraut

Cut cabbage small in a big crock. Pack very solid for days until juice appears. Pour juice off and rinse. Alternate cabbage and salt, pack very solid again and let stand until foam forms. Skim off and put a weight on to keep it packed. Just sprinkle a little salt on, according to taste. Must be left to ferment.

When broiling chicken, some good cooks like to turn the birds about every ten minutes, brushing each time with melted butter or margarine.

Band Concert Set For Nov. 24

Manistique public school bands will present their fall booster concert Nov. 24 and daily rehearsals begin today, Joseph L. Giovannini, director, reports.

Interest in band music is growing among students and each year for several years the number of students participating has increased, Giovannini points out.

This year it is hoped three bands will play for the concert before Thanksgiving. A beginner's band has been organized and plans are underway for its participation in the concert. Last year only Junior and Senior bands were heard.

A total of 135 students are members of the three bands in the Manistique public schools. The senior band has 68 members, the junior band 44, and the beginners band, 23.

Members of the bands are as follows:

SENIOR BAND
Flutes—Helen McGlothlin, Dorothy

CARD OF THANKS

We wish to express our sincere thanks to the Grocers, Edison, Electric Co., the Creameries, and all the good people who donated and baked for our sale and bought from us. Everyone was kind and generous and we are thankful to all.

Schools Will Be Discussed At U-M Lecture Wednesday

Prof. Robert S. Fox of the University of Michigan will speak here Wednesday night when the third in a series of five U-M extension lectures on children will be presented.

The topic for the discussion, in Manistique High School beginning at 7:30 p. m., will be "What Kind of Schools Do We Want for Our Children?"

An assistant professor of education at the University of Michigan, Prof. Fox is principal of the University Elementary School at Ann Arbor.

He earned his A. B. and M. A. degrees at the University of Denver and his doctorate at Stanford University. Previously he has been an elementary teacher in San Diego and Santa Barbara, Calif., and was curriculum coordinator and elementary supervisor for San Diego County, Calif.

The series is offered by the U-M Extension service and Northern Michigan College of Education in cooperation with Manistique public schools and PTA groups.

Social

Circle Meeting
The Otto Sisters Circle of the WSCS of the First Methodist Church will meet at 8 p. m., Wednesday at the home of Mrs. Claude O'Neill. All members are requested to be present.

WCOP Meeting
The Women's Catholic Order of Foresters, Court No. 992, meets Tuesday, Oct. 13, at 8 p. m., in the school basement. Cards and lunch will follow the business session. Mrs. Norman Oliver is chairman of the committee in charge. Assisting her are Mesdames William McKenzie, James Miller, Lottie Malloy, Don Messier, Harvey McLaughlin, William A. Norton, Eileen Nelson and Justin Nelson and the Mesdames Rose Mercier and June Oliver.

Lady of Fatima
The Lady of Fatima Circle held its regular meeting last week at the home of Mrs. Maurice Reid, 327 Cedar St., with Mrs. Rose Kassel as the assisting hostess.

Games were played after the business meeting and prizes were awarded to Mrs. Ann Gorsche, high, Mrs. Earl Quinn, second, in 500; and to Mrs. Celestine Spielmacher, high, and Mrs. Nick Frankovich, Sr., second in bug. Mrs. Spielmacher received the guest award. Refreshments were served by the hostesses.

FAINFALL MEASURE
As a measure of rainfall, an "inch of rain" is equivalent to one gallon of water spread over a surface of about two square feet, or 100 tons to an acre, according to the Encyclopedia Britannica.

Briefly Told

K-C Meeting—The Manistique Knights of Columbus meet at 8 p. m., tonight in the K-C hall.

Legion Auxiliary—The American Legion auxiliary is meeting in the clubrooms on Walnut St., at 8 p. m., today.

Committee Meets—The Christian Education committee will meet Tuesday evening at 8 p. m. at the Presbyterian Church.

Speeder Fined—David S. Golat, 393 N. Cedar St., was assessed fine and costs of \$10 in justice court Friday for excessive speed.

Child Clinic—The clinic for physically handicapped children scheduled here Oct. 13 has been postponed until the end of the month.

School Board—A regular meeting of the Manistique Board of Education will be held Tuesday, beginning at 7:30 p. m., at the school.

Prayer Circle—The Prayer Circle of the First Methodist Church will meet Tuesday, Oct. 13, at 7:30 p. m. at the home of Mrs. Archie DeSautel, 224 N. 5th St.

P. T. A. Meets—Hiawatha P. T. A. meets Wednesday, Oct. 14, at 8 p. m., at the Hiawatha Grange. Winners of the 4-H honors at the Upper Peninsula Fair will be at this meeting.

Football Accidents—Gary Tucker, Soo football player who was knocked out on the field during the Manistique-Soo football game Friday night, was released from Schoolcraft Memorial Hospital late Saturday. He had been kept in the hospital for observation. Gerald Walstrom of Manistique, who suffered a broken nose in the game, was released Sunday from the hospital.

City Briefs
Mr. and Mrs. Howard Carlson and son, Russell, are spending two weeks in L'Anse visiting with Mr. and Mrs. Bernard Cook and daughter, Lynn. Mr. Carlson is working there for the General Telephone company for several days.

Jerry McBurney, son of Mr. and Mrs. Denver McBurney, is a surgical patient at Schoolcraft Memorial Hospital. Jerry submitted to an emergency appendectomy Friday evening.

Mr. and Mrs. Raymond Griffin, son, Jimmy and twin daughters, Judy and Janey, left Saturday morning for their home in Vandyk, Mich. They had been spending several days here at the home of Mr. and Mrs. Walter Busch.

Miss Marlene Smith and Miss Marlene Anderson, of Milwaukee, spent the weekend here at their homes.

Mr. and Mrs. Mervin Paradise and family have moved from Cedar St. to 314 Deer St.

Mr. and Mrs. Lyle Smith and son returned Friday evening from Milwaukee where they visited with relatives.

New Plan Would Ferret Out Reds
TAIPEH (AP)—The Chinese Nationalist cabinet has decreed a chain guarantee system aimed at nipping Communist influences in the bud.

The order applies to all government agencies, the armed forces, schools, factories, mines and other establishments. Under the new plan, groups of three or more persons have to guarantee other groups of the same size within the same organization.

Should Communist or other subversive elements be discovered within any group, the guarantors will be liable to punishment. The system was devised as part of the continuing war in Free China against activities of Communist agents.

Lost For Time, Finds Way Out

Lloyd Spencer, 49, and his son, Paul, 6, got mixed up a bit in the woods and were reported lost Sunday evening but they got out about 8:35 while conservation officers were on their way to search and Michigan State Police were arranging to send men.

Spencer has a camp between Lathrop and Rock and went into the woods about 3. When he had not returned at dark those with him became alarmed and requested aid in searching.

Spencer was able to determine the direction of the highway from the sound of passing traffic and gradually worked his way out of the woods.

Father Of Local Resident Stricken

Julian Kimbell, 311 Harrison, Marquette, was stricken while at work Sunday morning at Marquette and died shortly after, according to word received here.

The Lalich family left immediately for Marquette.

C-C Directors Meet Tuesday

Monthly meeting of the Board of Directors of the Gladstone Chamber of Commerce will be held Tuesday evening in the C-C offices in the City Hall. Rev. Theophil Hoffmann, secretary, announces.

Print 'Drive Safely' On License Tags

RALEIGH, N. C. (AP)—North Carolina automobile license plates urge motorists to "Drive Safely." The slogan printed on the auto tags is part of a drive to reduce highway accidents.

Motor Vehicles Commissioner
Edward Scheidt said North Carolina is the first state to use a safety slogan on its license. He originally planned to have the slogan appear on 1954 licenses. It was put into use six months ahead of schedule when heavy automobile registration made it necessary to order a new series of 1953 plates.

Peat Discovered In York State

TROY, N. Y. (AP)—Peat—a rarity in this area—has been discovered on a farm near here.

The five-acre bog is believed to be the result of glacial formations which gouged a hole, melted and then were closed over by vegetation thousands of years ago.

Then a geologist says, the Mohawk River may have changed its course and flowed over the decayed vegetation, forming about three feet of river fill, from which the peat resulted.

CRICKET'S CALL
A male cricket produces its chirping sound thus: A heavy vein on the upper wings has a roughened surface that acts as a file. On the underside of the top wings is a scraper over the file, he produces the high-pitched sound. Only male crickets have these organs.

Marvin Waeghe

Leo Waeghe

BROTHERS IN SERVICE—Cpl. Marvin J. Waeghe and Pvt. Leo R. Waeghe, sons of Mr. and Mrs. Leo Waeghe Sr., Marvin entered service in January 1952, completed his basic and specialized training at Fort Leonard Wood, Mo., and left for overseas service the same year. Upon arrival overseas he was assigned to Personnel at Headquarters in Korea and has been there since. Leo entered service in January of this year, completed basic and specialized training at Fort Riley, Kas., and is now on his way to duty in the Far East after a furlough spent with his parents. Marv was employed by the Penney Store before entering service while Leo worked for the Soo Line. The two brothers are going to make an effort to see each other before Leo leaves Korea for the States the first of December. Marvin hopes to spend the Christmas holidays with his parents and friends in Gladstone this year.

Child Is Injured At Close Of Grid Game

As cars were leaving Marble Athletic Field following the Gladstone-Ishpeming game Saturday afternoon, Howard Strom, 4, son of Mr. and Mrs. Wallace H. Strom, 1020 Montana Ave., was injured. Driver of the car was Beverly Seronko, 17, of 213 Wisconsin Ave., who reported to police that the child ran from between other autos into her auto.

Examination revealed the child suffered a fracture clavicle. Wallace Strom, father of the child, is assistant coach of the Gladstone Braves.

CARD OF THANKS

It is with a feeling of sincere gratitude that we take this means of expressing our deep appreciation and thanks to our friends, relatives, and neighbors for their kindness shown us at the time of the death of our beloved son and brother, Lester La Bombard. We are very grateful to the Rev. Ward for his consoling words, also to the Walter Cole Post American Legion for their kind acts, to those who served as pallbearers, offered the use of their cars, sent flowers and aided us in so many ways. Also to American Playground Service Co. This kindness will always be held in grateful remembrance.

Mr. and Mrs. Lester La Bombard Sr., Mrs. Lester La Bombard Jr., Mr. and Mrs. John Hornus Family, Mr. and Mrs. Frank Lake Family. A3470-285-1t

FULLBACK JOE CORBIEL rounds left end for a good gain in Gladstone's 20-7 victory over the Hematites of Ishpeming Saturday afternoon at Marble Athletic Field. Bob Burton (16) is coming over to block for him and one potential Hematite tackler is on the ground blocked out by a Gladstone player. (Daily Press Photo)

Braves Shackle Ishpeming 20-0 In Great Lakes Game

GLADSTONE — The Gladstone Braves took their second Great Lakes Conference victory Saturday afternoon when they defeated Ishpeming 20-7 at Marble Athletic Field.

Gladstone lost no time in scoring after the opening kickoff. Holding the Hematites, they took the forced punt and returned to their own 40. With Joe Corbiel, Jim Bratonia and Bob Burton carrying they rolled goalward but were stopped momentarily by a 15 yard penalty for illegal use of hands. However they picked it up and a pass from Bratonia to Capt. Duane Peterson was good for 12 yards and a first down on the 20. Another pass carried to the 8 and Corbiel smashed through center for the touchdown to climax a 60 yard drive. Dick Rivers' kick for extra point was good and the Braves led, 7-0.

The Braves held after the kickoff and forced Ishpeming to punt. Bratonia returned to his 49. Corbiel rounded end for 26 yards to the 25 and Francis Peterson passed to Capt. Duane Peterson for a first down on the 15. Burton ran left end to the one-yard line. Bratonia smashed over but fumbled and Ishpeming recovered for a touchback.

Ishpeming tied up the ball game late in the second quarter after they recovered a fumbled aerial on the 18. Zhukie went to the 13. Poirer made to to the 10 and Ombrillo made one to the 9. Ombrillo crashed through to the one foot line and then smashed through the center for the score. A pass to Mitchell was good for the extra point and the score stood 7-14.

Scores On Interception
The Braves were unable to gain

Cage Rules To Get Examination

ST. LOUIS — Members of the National Association of Collegiate Commissioners are meeting here in an effort to standardize the interpretation of rules for the 1953-54 basketball season.

As in past seasons, St. Louis University basketball players served as guinea pigs for the officials and commissioners of the 11 major conferences represented.

Emil Larson, commissioner of the Border Conference and a secretary of the two-day clinic which opened Sunday, said the 12 rule changes which will go into effect this season also will be discussed.

"We want to make them (the rules) all uniform," Larson said, "so that visiting teams won't be at too much of a disadvantage."

Members of the Billikens squad went through five - minute periods of actual game conditions. The commissioners and officials then went over the various infractions called during the period.

Artie Eilers, commissioner of the Missouri Valley Conference, said each conference will hold its own clinic just before the opening of the season.

Eastern Pro Grid Teams Are Weaker

By ORLO ROBERTSON

NEW YORK — Could Commissioner Bert Bell have been thinking only of one half of the National Football League when he made the prediction that every team in the circuit would be stronger and in the thick of the pennant fight?

Here it is the third week of the league's 34th season and three clubs in the Eastern Conference—Philadelphia, Chicago's Cardinals and New York—have not won a game. The Eagles of Philadelphia do have one tie.

By contrast the Western Conference has only one winless team—the Green Bay Packers.

The standings after the game Saturday and five Sunday show the champion Detroit Lions leading the Western division with three victories in as many starts. But

Crystal Falls 38-6 Victim Of St. Joe

With fullback Bill Maycunich and halfback Gary Guertin cracking the Crystal Falls goal line twice each, the St. Joe Trojans registered touchdowns in every period here Saturday night to trounce the Iron County invaders 38-6.

Coach Tom St. Germain's charges hit paydirt twice in the first stanza, saw Crystal Falls narrow the margin with a TD midway in the second period, and then turned on the pressure to win without trouble. It was the fifth victory against one loss this season for St. Joe.

St. Joe effectively bottled up the Crystal Falls running game, holding four backs to a total of 83 yards. Harry Peterson, talented Crystal Falls left halfback, was able to gain only 28 yards against the hopped-up Trojan defenses.

Guertin Scores First
Guertin broke the scoring ice for St. Joe in the first period and fullback Bill Lancoeur passed to quarterback Jerry McDonough for the second TD shortly before the second quarter opened.

Maycunich fired a pass to Guertin for St. Joe's third TD and then scored twice himself, on a one-yard plunge and on a 40-yard pass play from Lancoeur. Lancoeur notched the final St. Joe touchdown early in the fourth period.

The lone Crystal Falls touchdown was scored on a pass from Peterson to fullback Max Woelfler to cap an 80-yard drive in the second frame.

With their running game working to perfection, St. Joe's passing attack was that much more grave. The Trojans heaved 21 aerials and hit on 12 for 251 yards and three touchdowns. Crystal Falls threw nine and completed four for 72 yards.

Fumble After Kickoff
Crystal Falls received the opening kickoff and fumbled two plays later with Guertin recovering for St. Joe at midfield. The Trojans lost the ball on downs on the Crystal Falls 29 yard line, with

a 16-yard dash, by Maycunich highlighting the series.

The visitors were unable to gain and Peterson punted from his own 28. McDonough returning five yards to the 50. Guertin ripped off 25 yards and Lancoeur sprinted 14. Maycunich churned to the four from where Guertin slammed over for the first score. Leroy Villeneuve's placement was wide, score 6-0.

Guertin intercepted for St. Joe on the Crystal Falls 30 and on the first play from scrimmage Lancoeur flipped to McDonough who was alone in the flat and the Trojan quarterback scored standing up. Villeneuve booted the placement to make it 13-0.

Quarterback Sam Tarnak fumbled late in the period and halfback Bob Rodman recovered for the Trojans on the Crystal Falls 25. Passes failed and St. Joe surrendered on downs on the CF 20.

Visitors Score
In their best showing of the game, the visitors drove 80 yards to score in seven plays. Key play of the march was a pass from Tarnak to Woelfler who lateraled to Charles Walschmidt, covering 23 yards. Peterson fired a long pass to Woelfler for the score and John Tessaro's kick for the point was blocked by Maycunich, score 13-6.

St. Joe drove the following kickoff for a touchdown. A 31-yard pass from Maycunich to Lancoeur set up the TD. Maycunich took a lateral from McDonough and raced to the nine-yard line. Maycunich tossed a flat pass to Guertin who sprinted around end for the score. A pass missed for the point and St. Joe led 19-6.

Crystal Falls recovered a fumble by Lancoeur shortly after the third quarter opened but Crystal Falls was forced to punt. St. Joe drove 80 yards to score with Maycunich carrying the brunt of the attack and plunging for the TD from the one. Villeneuve missed the placement to make it 25-6.

57-Yard Pass Play
Lancoeur intercepted Tarnak's pass on the Crystal Falls 40 and then fired to Maycunich in the flat. Maycunich rambled untouched into the end zone and the kick was again wide, score 31-6. Crystal Falls moved across mid-

field and reached the St. Joe 33 before losing possession on downs. McDonough fired to John Berrigan who crossed midfield and reached the Crystal Falls 10, the play covering 57 yards. Lancoeur slanted through the line to score and Dick Cass made it 38-6 on an end-around for the point.

The Trojans were knocking on the Crystal Falls goal at the end of the game. Gary Paler passed to Bryson for 23 yards and McDonough hit Cass for five. Maycunich clipped off 13 yards and Rodman seven before McDonough passed to Ron Bink on the 10. Maycunich rambled to the one as the final whistle blew.

Temper flared at several points in the hard-played game. Two Crystal Falls players, Charles Walschmidt and Joe Toranzo, and Bill Lancoeur of St. Joe were ejected from the game. Statistics:

Rookie Goalie Gets Shutout For Wings

DETROIT (AP)—"My knees were shaking so much I thought I wouldn't be able to stand up." That's how rookie goalie Dave Gatherum of the Detroit Red Wings felt Sunday night when he played his first game in the National Hockey League.

Rushed in as a last-minute replacement for injured Terry Sawchuk, the 21-year-old netminder may have been nervous but he played with the calculated coolness of a veteran, and blanked the Toronto Maple Leafs, 4-0.

Made 22 Saves
The baby-faced Gatherum was called on to make 22 saves, two of them in the last two minutes by the most dangerous Maple Leaf of all, Capt. Ted Kennedy.

Twenty-four hours earlier Gatherum didn't have the faintest idea he'd be playing with the Red Wings. Sawchuk suffered a slash knee in the Wing's game in Montreal Saturday and a hurried call went out to Gatherum, who

was playing with the Sherbrooke farm club in the Quebec League. Gatherum was flown 750 miles to Detroit on Sunday and turned in a masterful job against Toronto.

Cut By Richard
Sawchuk suffered a gash on his knee when cut by Maurice Richard's skate in a pileup. It required three stitches and doctors said Sawchuk would be out at least one game.

Gatherum's job was made easy when the Red Wings flurried for three goals in the first period. Red Kelly scored the first and then set up tallies for Gordie Howe and rookie Bill Dineen within the space of 95 seconds.

Capt. Ted Lindsay scored in the second period for his 46th point with the Red Wings, making him the highest scorer in club history.

Welters Meet Tonight In House Of Upsets

NEW YORK — It's East vs. West at Brooklyn's Eastern Parkway Arena tonight when Rocky Casillo, Chicago welterweight prospect, faces young Joey Klein of New York in the top ten rounder. Casillo, winner of 24 of 26 pro fights, is the favorite but that doesn't mean much at the Parkway. The arena is known as the "house of upsets." Klein's record is 19-7-5.

Dumont telecasts the 9 p. m., CST bout to some parts of the country.

Muddy Ruel Named New Tiger General Manager

DETROIT (AP)—Herold E. (Muddy) Ruel, new general manager of the Detroit Tigers, said today "we already have several ideas on trading and we plan to follow through."

Ruel, a one-time catching great, was promoted from director of Detroit's minor league farm system Saturday and succeeds Charlie Gehringer. John J. McHale, formerly Ruel's assistant, becomes farm director.

In This Corner With Ray Crandall

The list of undefeated Upper Peninsula high school football teams was pruned over the weekend, with Hancock, Soo and Menominee feeling the clippers. Ontonagon dumped Hancock from the select circle, Manistique snapped Soo's victory string and Ironwood upset the Menominee appalcart.

That leaves only Ironwood, Iron River and Ontonagon with clean slates. The Redskins of Coach Harry Monson trimmed Stephenson 33-0 for their 12th straight victory, longest in the U. P. . . Menominee's undefeated string was stopped at 19 by the powerful Red Devils.

Up in Ironwood Friday night it was a fleet-footed left halfback named Dave Shaughency, not fullback Pat Cvangros, who burst the Maroon bubble. Shaughency carried the ball 14 times for Ironwood and racked up a huge 165 rushing total. He scored twice for the Red Devils.

Little Eddie Vergara was the big gun for Iron River at Stephenson Friday night. He scored four of the Redskin touchdowns. One of them was one of the strangest in the U. P. this season. With only a few seconds remaining in the half, Stephenson attempted to punt out of bounds but the ball landed on the Iron River 40 yard line inside the sideline. When two Stephenson players failed to down the ball, Vergara scooped it up and raced 60 yards to score.

Say, this Green Bay West football team should be barred from high school athletics. Coach Frosty Perzacca's Wildcats rolled up a 41-6 victory over North Sheboygan Friday night. It was their 21st straight win, fifth this season. They've scored 214 points to a total of 19 for their opponents.

St. Joe looked as sharp Saturday night as any time this season in romping to a 38-6 victory over Crystal Falls. With the Trojan line giving clever quarterback Jerry McDonough plenty of time for his magic tricks in the backfield, six St. Joe runners carried the ball 26 times for 177 yards, an average of 6.8 per try. And in the air St. Joe completed 12 of 21 passes to boost their season total of completions to 64 of 109.

Buckeye Back Keeps No. 1 Scoring Spot

CHICAGO (AP)—Bob Watkins, staggered to a 26-19 decision over Ohio State's stocky young power house, continues to lead Big Ten individual scorers. He has a total of 42 points against conference and nonconference opponents.

Watkins added a touchdown in Ohio State's 41-20 loss to Illinois and now has crossed the goal seven times in the Bucks' three games. Next in line is Mickey Bates, Illinois sophomore who counted four TDs against OSU. Bates scored once in each of Illinois' two previous games and now has 36 points.

Branoff Is Third
Tony Branoff of Michigan has 27 and Leroy Bolden of Michigan State 24. Seven players have scored 18 points.

With Ohio State at least temporarily out of the title chase, the league's hungry underdogs were eyeing fat Michigan State and Michigan. Both are undefeated through three games and, with Illinois, lead Big Ten standings.

MSC's defending national champions and Michigan's Wolverines gave something of the appearance Saturday of appetizing fare for upstart little fellows.

Both had to rely on last-period comebacks to beat teams that were considered easy pickings. MSC

Nahma's Groleau Is Cross Country Champ

IRON MOUNTAIN — Nahma's tireless Ron Groleau, competing in the sport for the first time, won the Upper Peninsula Class C-D-E cross country championship here Saturday afternoon.

Groleau finished the two-mile run far ahead of the field, crossing the finish line 300 yards ahead of his nearest challenger. The Nahma team placed second to Houghton in team scoring. Defending champion Baraga was third, Vulcan fourth and Chatham fifth. Groleau's time was 11 minutes, 9 1/2 seconds.

Paul Poquette won the Class B crown for Menominee, turning in a 10:56 time. Menominee edged Soo for the Class B title, 44 points to 45. Ishpeming was third with 49, Ironwood had 93, Escanaba 141, Iron River 147 and Marquette 153.

Muddy Ruel Named New Tiger General Manager

DETROIT (AP)—Herold E. (Muddy) Ruel, new general manager of the Detroit Tigers, said today "we already have several ideas on trading and we plan to follow through."

Ruel, a one-time catching great, was promoted from director of Detroit's minor league farm system Saturday and succeeds Charlie Gehringer. John J. McHale, formerly Ruel's assistant, becomes farm director.

Walter O. (Spike) Briggs Jr., Tiger president, announced after a Sunday conference with Ruel: "We're still concerned about the right side of our infield and a couple of outfielders. We're open-minded on any and all trades."

Gehringer, general manager since 1951, will remain with the club in an advisory capacity as vice-president. A star Tiger second baseman of yesteryear and a member of baseball's Hall of Fame, Gehringer took the general manager's job at the insistence of the late Walter O. Briggs, Sr., Tiger owner. In private life he is a manufacturer's agent.

Ruel, 57, took over the Detroit farm system at the end of the 1951 season, coming from a similar job at Cleveland. He started his career in 1915 and caught for the St. Louis Browns, Washington Senators, New York Yankees, Boston Red Sox and Tigers.

Eskymos Threaten But Lose To Mountaineers In Tight 18-6 Clash

IRON MOUNTAIN—The winless Escanaba Eskymos put their best foot forward here Saturday afternoon but it wasn't enough and the Iron Mountain Mountaineers posted an 18-6 victory.

The Eskymos practically drove Iron Mountain into the stadium in a jarring first half but the visitors folded in the second half and Iron Mountain broke a 6-6 deadlock with a TD in the third quarter and another in the fourth.

Two fumbles in the third period cut off the Escanaba hopes. And in the final frame the Eskymos drove for a touchdown only to have the scoring play called back on a backfield-in-motion penalty.

Fumble On Four
Most costly fumble for Escanaba came in the second period when

ESKY JAYVEES TIE
The Escanaba junior varsity grid team played a 20-20 tie with the Mountaineer Jayvees in a preliminary to the varsity game Saturday afternoon.

The Eskymos drove 46 yards to the Iron Mountain four, only to lose on a fumble.

Eskymo fans roared their approval as Coach Joe Milokna's charges roared into action in the first half. They threw the big Iron Mountain team for a minus eight yardage on the ground and racked up 70 yards rushing themselves in the first two periods.

But the Eskymos lacked the scoring punch to take advantage of their edge. And in the second half the picture reversed. Escanaba was able to make only one more first down on the ground while the Mountaineers rambled 132 yards.

Fullback Don Dahlin led the Eskymos on the ground with 113 yards. Marshall Judson added 24 yards to that total.

Iron Mountain took advantage of an Escanaba fumble to score shortly after the opening kickoff. Judson's fumble was picked up by DeJulianni on the Escanaba 24.

Mountaineers Take Lead
Cal Rushford fired a pass to Bob

Johnson on the 10 and the Mountaineers were held for three downs before Dick Ladwig skirted end for eight yards off the statue of Liberty play to score. Dave Judson broke through to block the try for extra point.

The Eskymos worked the ball to midfield with Mike Heminger firing a 32-yard pass to end Tony Gregoire but was forced to punt to the Iron Mountain 18.

The Mountaineers booted back to their own 28 and five plays later Escanaba scored. Judson cracked the line for three, Dahlin raced to the 15 before being shoved out of bounds. Dahlin rammed to the seven and then to the four and Judson slanted off tackle for the score. Jim Beck's pass to Gregoire failed and the score was tied 6-6.

The Mountaineers punted shortly after the following kickoff and Escanaba took over at midfield. Judson, Dale Manks and Dahlin alternated on the ground to move the ball to the 20. Heminger hit Gregoire for a first down on the 10. Dahlin plunged to the five and Heminger fired to Manks who fumbled on the four, with Iron Mountain recovering to end the threat.

Iron Mountain marched the opening kickoff of the second half 55 yards to score. Ladwig capped the drive with a 19-yard end sweep to paydirt. The placement kick was low and Iron Mountain led 12-6.

Stage Late Drive
Another fumble lost the ball for Escanaba on their own 47 but the Eskymos regained possession when Rushford's pass was intercepted by Marshall Judson on the Iron Mountain 45.

Beck fumbled a handoff, however, and Iron Mountain recovered on their 41 as the third period opened. The Mountaineers punted to Judson who returned 12 yards to his own 32.

An Iron Mountain fumble followed Escanaba's punt and the Eskymos were forced to boot back

to the Iron Mountain 34. The Mountaineers stayed on the ground to cross midfield with Ladwig and Ronnie Steiner carrying to the 12 from where Rushford crashed over with two minutes remaining in the game.

Dahlin brought the crowd to its feet with a thrilling 51-yard jaunt to the Iron Mountain 14 yard line. Three plays later Heminger hit Gregoire with a TP pass but a penalty nullified the play. Dahlin drove to the 11 yard line where the Eskymos surrendered the ball on downs with seconds remaining in the game.

St. Joe Juniors Tip Eskymos By 6-0 Score

The St. Joe junior varsity team, made up of 7th, 8th and 9th graders, posted a 6-0 victory over the Escanaba Junior High grid team Saturday morning.

Only score in the ball game came on an 80-yard touchdown run by Gary Hinn.

No Numbers On Back Of Mexican Uniforms

DALLAS — Fans may have a tough time identifying Mexican ball-carriers or tacklers when National University of Mexico plays a football game with Midwestern University of Wichita Falls, Tex., here tonight.

The Mexicans don't wear numbers on their jerseys.

College Grid Coaches Were Right, New Rule Is Causing Headaches

By ED CORRIGAN
NEW YORK (AP)—The college football season isn't even half over but it already looks like most of the coaches who predicted dire things as a result of the one-plateau system were right.

The mentors weren't the least bit happy when the NCAA outlawed the two-plateau setup. Many said they wouldn't be able to cope with the new system.

The results after three weeks seem to bear them out. There always are upsets, but some of the scores are inexplicable, like California's 40-0 massacre of Penn and Illinois' 41-20 shellacking of Ohio State Saturday.

All Have Troubles

From the very first day of the season when Mississippi Southern trounced Alabama, the big name coaches have been holding their heads. Georgia Tech, until it whipped Tulane, 27-13, Saturday, had scored exactly one touchdown in two previous games. Oklahoma, until it whipped Texas, 19-14, had not won a game.

Musclemen like Michigan State, Michigan, Southern California,

Baylor and Duke all had their troubles. All Southern Cal. rated the co-favorite for the Pacific Coast Conference title, could do was tie Washington 13-13 on a 70-yard return and a 78-yard pass interception.

Michigan State, rated right behind Notre Dame in the national rankings, had to call on substitute back Evan Slone to score the tying touchdown, then go on to beat Texas Christian 26-19.

Biggest Surprises

The Ohio State debacle and the Penn trouncing probably were the biggest surprises of the season. The Buckeyes were supposed to fight it out with Michigan State and Michigan for the Big Ten crown. Now they could be out of it. Illinois definitely is to be reckoned with.

The fact that California—reputedly a sub-par outfit this year—beat Penn was not what amazed the experts. It was the way Pappy Waldorf's lads put the Quakers through the meatgrinder. Unless it was a fluke, UCLA and Southern Cal may have some competition for the PCC title.

After enjoying a day off Saturday, Notre Dame plays Pitt this week. Michigan State continues its quest for the Big Ten title against Indiana, which isn't figured to offer much opposition.

Victims To Meet

Ohio State and Penn. the two victims, play each other.

Maryland, which seems to be the class of the South after humbling Georgia 40-13.

The Twerps are one of the few teams in the country living up to expectations.

UCLA, 13-0 winner over Wisconsin, plays Stanford while Southern Cal has a date with Oregon State and California takes it easy against San Jose State.

Duke travels to New York for a game with Army; Baylor, the favorite (this week) of the Southwest Conference, crosses paths with Arkansas, and Georgia Tech meets tough Auburn, the team that fought Mississippi State to a 21-21 standstill.

Illini Coach Wonders If They're That Good

By TOM BRANAGAN
CHICAGO (AP)—Is the Illinois football team really as good as it looked in beating powerful Ohio State 41-20 Saturday? That's something even Illini Coach Ray Eliot wonders about.

"I just don't know," he mused on returning from the unexpected victory at Columbus. "Maybe that was just a flash in the pan. Maybe we actually have developed into a steady team. How can you tell now?"

Eliot was still shaking his head over the performance of his sophomore-loaded squad.

Had The Breaks

"We were all simply amazed," he said. "I just didn't know they could do all that. Of course, we had our share of breaks. We recovered four Ohio fumbles—that sort of thing. But the boys were really great."

How does Eliot explain this sudden surge to the heights from the lackluster Illini showing in being tied by Nebraska 21-21 in their opening game?

"Well, I think we were green against Nebraska. I wish we'd had a game under our belts before we played them. But we've been im-

proving every week, apparently. We beat Stanford 33-21 and I think we are up for Ohio."

"Possibly Ohio State was looking past us to some of their future opponents."

"But it's hard to say. You just can't explain that sort of an upset."

Play Gophers Next

Then Eliot turned with a frown to the future.

"Talking about upsets, how about Minnesota? My scouts tell me Wes Fesler's guys did a terrific job in knocking over Northwestern (30-13). We've got to play them next Saturday."

"And remember: we're not going to be able to sneak up on anyone after this. Those Gophers look like they found themselves Saturday. I only hope we have."

Midwest sports pages were filled with laudatory accounts of the Illini performance against the Buckeyes, especially the job done by soph halfbacks Mickey Bates and J. C. Caroline. Bates scored four times, Caroline twice. One writer described Caroline as "the best sophomore runner, by the evidence of this game at least, to

Notre Dame Coach Is Worried, As Usual
PITTSBURGH (AP)—Frank Leahy the Notre Dame football coach who is widely known for his pessimism, is in a satisfactory frame of mind as he gets ready to put the Irish against the University of Pittsburgh at South Bend this week-end.

As the Irish had an off day, Leahy came here Saturday to watch Pitt's gridiron team edge Nebraska University 14-6. Pitt didn't show a great deal and some people thought the Panthers were playing under wraps. Afterwards, Leahy said:

"Pitt does what it has to do x x x this is a far better team than the one that beat us 22-19 last year. I'm more worried about Pitt than I am of Georgia Tech the following week."

enter Big Ten competition since Red Grange."

Babe Zaharais Ready For Golf Comeback

FORT WORTH, Tex. (AP)—Bebe Zaharais, whose sports career was feared at an end six months ago when she underwent an operation for cancer, is recovering "perfectly" and will return to golf on a full-time basis.

The famous woman athlete is here to play in the Texas Women's Open, of which she is defending champion, and it will be the only tournament for her until next year. But she will start a national tour about Nov. 1 with Lew Worsham, winner of the World's Championship Tournament at Chicago this summer. They will visit 35 cities, under sponsorship of George May, who puts on the Chicago tournament, and give lessons in golf—all free to the public.

In January she will make the woman's golf tour starting at Tampa, Fla., where she lives and owns a golf course.

Mrs. Zaharais was in Beaumont, Tex., last week for the first six-month checkup following her operation. The physician told her all tests were negative and she was recovering "perfectly."

The Babe now weighs 160 pounds but is dieting and will cut

down to 145. "I feel wonderful and I am playing well," she said. "The only trouble is that I get tired on the back nine of a round."

But she makes the 18 all right and it was only a couple of months ago that she finished third in the women's division of the World's Tournament at Chicago. She played 18 holes at the Fort Sam Houston course in San Antonio Saturday and shot a 72.

Shoemaker Needs Six Wins To Set Record

ALBANY, Calif. (AP)—Jockey Willie Shoemaker needs only 6 to crack the national record of 390 winners in one year, set by Tony Desposito last year.

Shoes rode six winners at Golden Gate Fields Saturday to run his total to 385.

One of his victories—aboard Goose Khal in the \$25,000-added Golden Gate Mile—came via the disqualification route when Fleet Bird finished first but was moved back to third for having caused interference. Goose Khal, which ran second, was declared the winner and High Sead was moved from third to second.

Michigan Normal Also In Undefeated Class

(By The Associated Press)
Michigan and Michigan State don't have the only undefeated football teams in the state.

Michigan Normal of Ypsilanti is unbeaten, too. And what is more, the Hurons have won four already, compared to three apiece for the "Big Boys."

Normal opened its 1953 Interstate Intercollegiate Athletic Conference (IAC) season by thumping Eastern Illinois 34-6 at Charleston, Ill., Saturday.

If the Hurons whip their next four IAC foes, as they're favored to do, that would bring them undefeated to the season-windup with Central Michigan with the conference crown likely depending upon the outcome.

Central Loses First

Central, a three-time winner, lost to the powerful Great Lakes Naval Training Station, 39-16, at Saginaw. The Sailors have eight former college players and two ex-professionals in their starting lineup.

Two other Michigan teams had perfect records marred over the weekend. Hillsdale served notice it may be a factor in the Michigan Intercollegiate Athletic Association MIAA championship race by trimming previously unbeaten Alma, 20-7, and Northern Michigan, which had won its only previous game, stumbled to a 7-7 tie with Ohio Northern.

Barnstorm Team Heads Overseas

SAN FRANCISCO (AP)—A barnstorming group of 15 major league baseball players, headed by Eddie Lopat, Billy Martin and Yogi Berra of the New York Yankees, left by Pan-American Clipper at 1:30 a. m. (3:30 a. m. CST) for Honolulu.

The All-Stars will play in the Hawaiian Islands and then tour Japan.

The All-Stars Sunday won their fourth straight exhibition baseball game from Paul Richards' collection of major leaguers, 14-8 in Denver.

The Richards team disbanded after the exhibitions in Pueblo, Colorado Springs and Denver.

In Sunday's final game, Eddie Mathews of the Lopat crew, home run king of the majors, socked one of Billy Pierce's tosses well over 400 feet beyond the right field barrier for a homer. Mathews also hit two doubles and a single.

Eddie Robinson, also with Lopat, homered over the right field fence, while Billy Martin of the All-Stars and Ransom Jackson from Richard team put their homers over the shorter left field wall.

Between 1918 and 1948 the Philadelphia Phillies finished in the first division only once. That was in 1932 when they finished fourth.

Ezzard Charles, former heavyweight champion, won his first amateur boxing title in the 140 pound classification.

Albion, the defending MIAA champ, won its second league victory in a row by crushing Kalamazoo, 39-12, and Hope trounced Adrian, 20-7.

Broncos Take Beating

Western Michigan's weekend opener in the Mid-America Conference proved disastrous for the Broncos. Miami of Ohio, favored to win its league crown, trampled them 52-6. The Michiganders got their lone touchdown on an 82-yard runback of a kickoff by Bob Bosma.

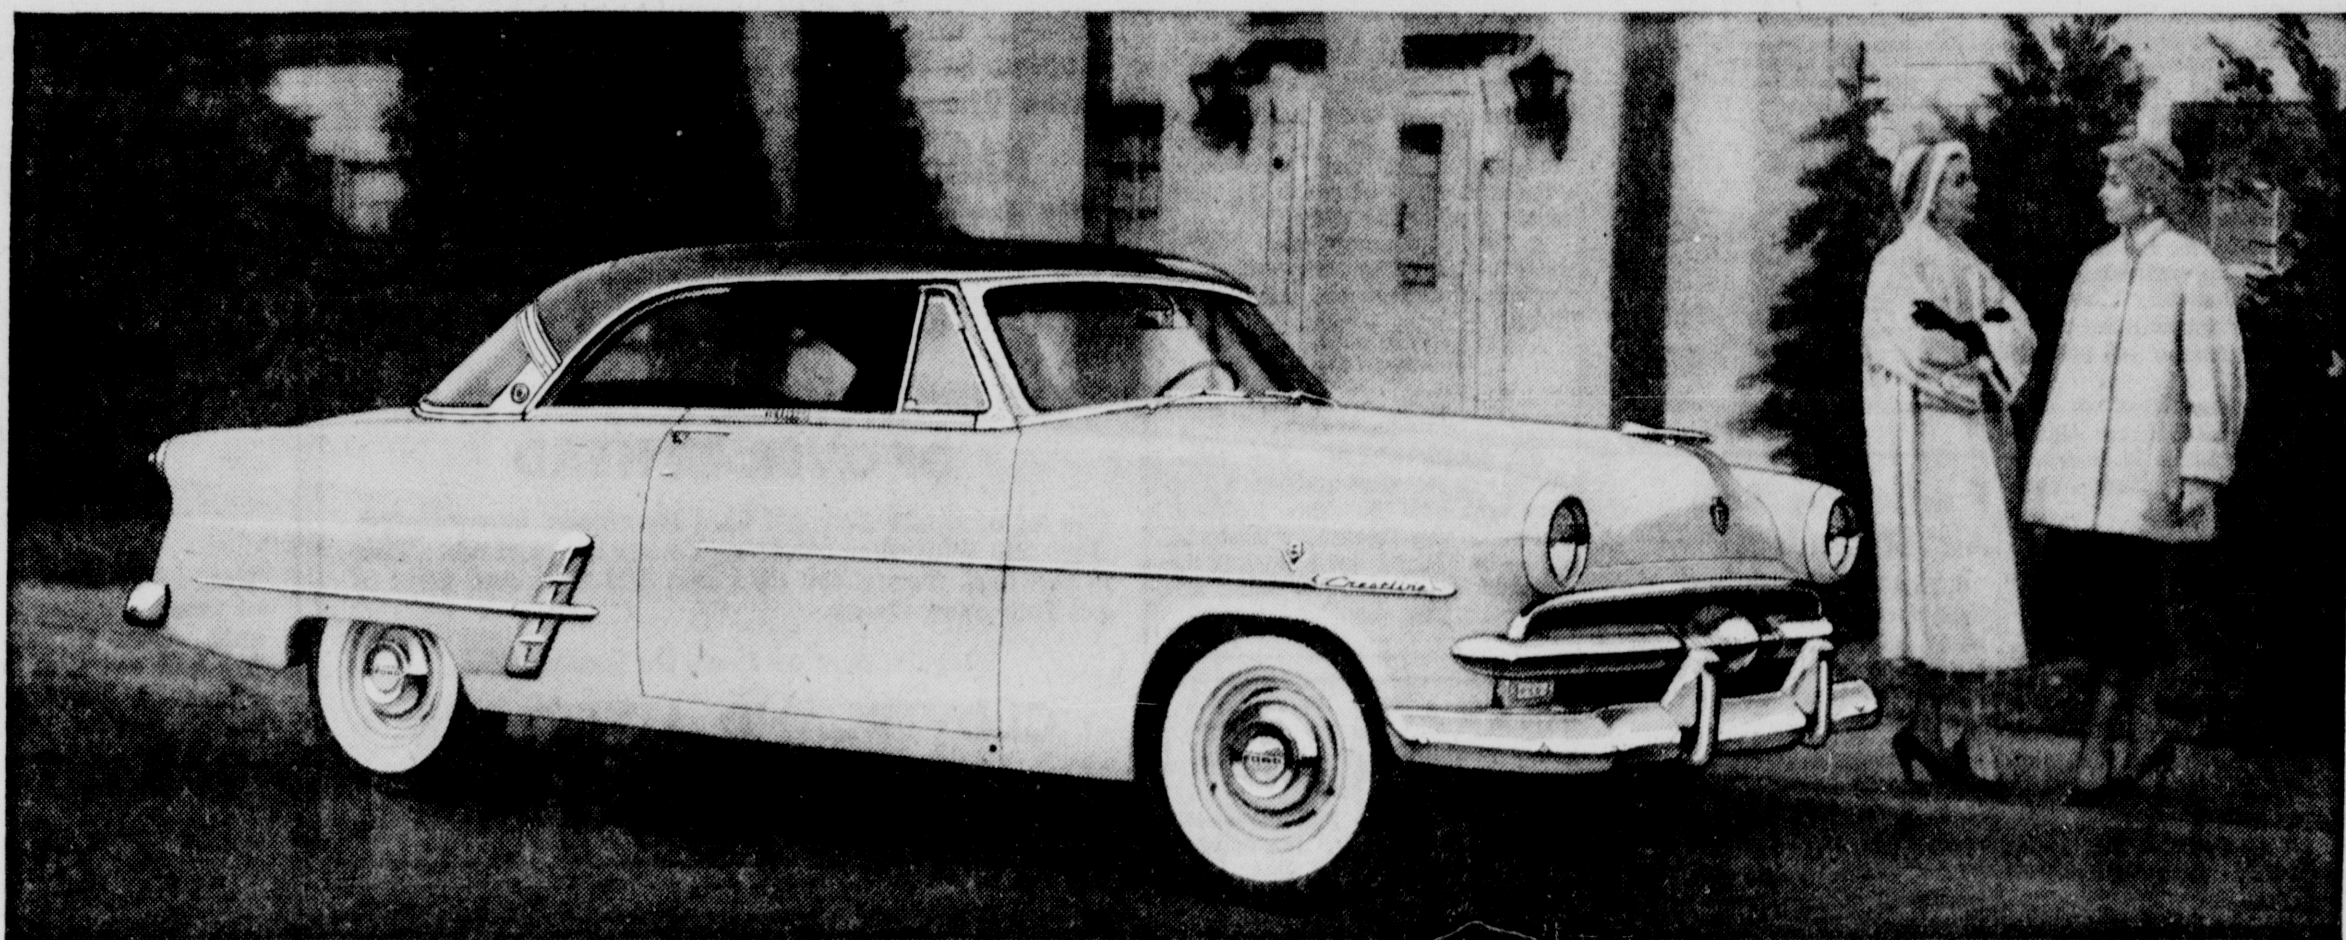

Top surprise of the weekend, barring the scare Texas Christian threw into Michigan State, was Wayne's 33-13 win over highly favored Washington at St. Louis. Wayne previously had taken three drubbings.

Michigan Tech handed Ferris Institute its third loss in a row, 12-0, and Olivet was beaten, 20-13, by Bluffton of Ohio.

Surging back from the shadows of defeat, Michigan State scored three times in the final period to defeat Texas Christian, 26-19, and Michigan won its Big Ten opener on the strength of Lou Baldacci's two conversions, 14-13, over Iowa.

Houston, defending Missouri Valley champion, defeated University of Detroit, 26-19, Friday night.

Let's do Business\$!

WE NEED MORE USED CARS!

Your present car will
never be worth more...
so bring it in to us *NOW*
and let's talk trade!

• You'll never have a better opportunity than *right now* to make a good deal on your present car!

Here's why: Your car is depreciating in value as it gets older! Our Fords—new and old—are selling faster than ever! Naturally we want to keep this rapid turnover going—but we need more used cars to do it! That's where the high price comes in—for *you*! So do yourself a favor (and us, too). Bring your present car in... no matter what make... and we think you'll be pleasantly surprised at the wonderful offer we can make you.

And while you're here, see America's "Worth More" car... the '53 Ford. Let us give you the whole "Worth More" story. Know why Ford's worth more when you buy it... worth more when you sell it!

And we're
trading high on our **'53 Fords**

Desert Yields Ancient Village

WASHINGTON — Discovery of a 6,000-year-old village in Palestine's southern desert region of Negeb and new proof that the arid land was heavily settled in Roman times have cheered colonists who are pioneering farm communities in the parched area.

The ancient settlement is believed to have been established during the Bronze Age, about 4000 B. C. It offers the first clue to historians that the Negeb supported man prior to the Nabatean period from 300 B. C., to 100 A. D., the National Geographic Society points out. Its inhabitants appear to have been advanced in agriculture, cultivating the valley slopes just as the Nabateans did much later.

Heavily Populated

Sites of 83 previously unrecorded Nabatean settlements in the central Negeb have also been uncovered recently by an expedition headed by Dr. Nelson Glueck, world famous archeologist and president of Hebrew Union College in Cincinnati.

Dr. Glueck's findings indicate the Nabatean kingdom extended from the southern end of the Dead Sea to what is now the Egyptian border. Heretofore, it had been supposed that these peoples, who combined elements of Roman, Semitic and Arab cultures, lived solely in Transjordan and used the Negeb only for trade routes. It now seems evident that as many as 200,000 Nabateans once irrigated the desert land by means of underground cisterns.

Negeb, which means dry or parched lands, occupies the southern third of Palestine. Most of the region was apportioned to Israel under the United Nations partition, and in recent years increasing numbers of colonists have settled in the territory.

At Revivim, south of Beersheba, settlers are cultivating hundreds of acres of grain, vegetables, fruit and olive trees. Surplus water gathered during the rainy season is stored in concrete-lined pools for irrigation during the intense summer drought.

Eventually the colonists plan to run a pipeline from the hill country to the north. Surveys show that the desert soil is comparable to some parts of the Texas plains and needs only a reliable water supply to assure abundant crops.

King Solomon's Mines

Dr. Glueck's explorations and excavations have uncovered more than 1,000 Biblical cities in the Transjordan area, laid bare King Solomon's long-missing port of Ezion-geber on the Red Sea, and discovered Solomon's copper mines in the Wadi Arabah.

Under Dr. Glueck, for the first time in history an entire land has been archaeologically studied square mile for square mile, using the modern technique of pottery identification.

His current expedition is co-sponsored by the Hebrew Union College and the Louis M. Rabinowitz Foundation of New York City.

Elephants Will Supplant Camels

JERUSALEM (AP)—Elephants are more economical than camels and donkeys—at least in field work—according to the Indian Commercial Attache in Alexandria who has recommended importing them to the Middle-East, the Arab Jerusalem-Old City daily "Al-Difa" writes.

Jordan agricultural experts have apparently agreed. The Amman Chamber of Commerce has invited its members to file their orders for the animals.

Defying Red threats, these East Germans line up outside a distribution center in the Western sector to get food.

For countless East German residents this is the first wholesome food that they have received in many years.

Afraid of reprisals, this lady is forced to hide her identity.

East Germans Defy Red Threats, Go West For Food

Despite new, more severe measures just announced by East German Communist officials against East Germans who come into the West zone for free food, thousands continue to risk their lives to receive food parcels distributed by the American Free Food Relief Program. Even the "Peoples Police," ordered to stop the hungry hordes and to confiscate any food parcels, not only neglect their job, but also slip across to get food themselves. Allied officials report that almost 5,000,000 "Eisenhower" parcels have been distributed in spite of the Communist ban, proving that the police deliberately lay down on the job. This, along with the uprising of West German workers in June, and the hundreds who seek political asylum in the Western zone, cause the Soviet masters countless headaches.

This small child will have to walk home, because his buggy is loaded with food that mother got from the West.

Smokey Says:

Carelessness is responsible in either case!

Fourflushers Bore Air Stewardess

ROANOKE, Va. (AP)—The "small time operator who tries to act big time" is the biggest headache in air travel, says Miss Shirley McManus, of Washington, an American Airlines stewardess.

She describes a "small time" operator as a person who has traveled little and tries to make everyone think he is a globetrotter. Annoying habits are snapping fingers at stewardesses and addressing them as "Dearie."

Easiest air traveler to please? Average service man. Business men who travel regularly are an easy second.

Primitive Equipment Given Precedent

FAIRMONT, W. Va. (AP)—Half a million dollars worth of modern fire-fighting equipment was lined up for display, and photographers were taking pictures.

When the call came that wooden paving blocks of a Fairmont bridge were on fire, spectators wondered which of the new trucks would answer the alarm.

A 1941 emergency car rattled away—carrying two sloshing buckets of water—and put out the blaze.

Joke Over

ST. PETERSBURG, Fla. (AP)—Jeffrey Hines' wife told him a joke that sent him to the hospital, where he was treated for hysteria. After he calmed down he left the hospital before anyone found out what the joke was.
